3. Pursuant to NDCC 40-22-10, the Board of City Commissioners hereby directed its municipal engineering consultant to prepare a report as to the general nature, purpose, and feasibility of the proposed improvement and an estimate of the probable cost of the improvement, including: (1) a separate statement of the estimated cost of the work for which proposals must be advertised under NDCC Section 40-22-19; and (2) a separate statement of all other items of estimated cost not included under subsection (1) which are anticipated to be included in the cost of the improvement under NDCC Sections 40-23-05 and 40-23.1-04. Such engineer's report has been received by the City and is hereby approved.

4. Pursuant to N.D.C.C. § 40-22-09 and 40-22-16, the Board of City Commissioners also hereby finds that total of the present and likely future benefits of the project exceed the total cost of the project. The portion of the benefits of the project received by the City and the general public at large is 85% and the portion that specifically benefits the property in the district is 15%.

5. Pursuant to N.D.C.C. § 40-22-18, the City of Dickinson received 4 protests for a total of 0.87% of the total area within the special improvement district being protested.

6. Pursuant to N.D.C.C. § 40-22-19, the Board of City Commissioners also hereby finds the proposed assessments for each lot and parcel are necessary to pay that parcel's just proportion of the total cost of such work, finding that such proposed assessments do not exceed the benefits to each lot, and recommending said assessments to the City Commission for approval.

7. The Board of City Commissioners hereby declares that it is necessary to make the improvements described in the engineer's report. The engineer's report and a map of the City showing the proposed improvement district is attached hereto and incorporated herein by reference.
