March 4, 2025

The ABM Printer Contract serves as our 5 year equipment lease and maintenance renewal. This renewal contains 4 printers, City Hall Supply Room (Upstairs Shared), City Hall – HR/Engineering/Assessing (Shared), Baler Building, and Library Public Use. Within the contract 3 of the printers will be replaced with updated hardware and the 4th (Library Public Use) will be released as the current hardware simply due to the existing usage counts on that device do not merit a replacement at this time. This contract utilizes the same verbiage that has been reviewed and approved by legal on the previous renewal. The contract is expect to yield a \$90.46 savings per month or approximately \$1,085.52 savings per year.
