

Engineering Memorandum

May 15, 2026

RE: May 19, 2026 Commission Meeting

NORTHERN PLAINS ENGINEERING – TASK ORDER – MUSEUM EXPANSION (202320)

For your consideration is a Task Order with Northern Plains Engineering construction material testing of the Museum Expansion. The work includes concrete, soil excavation observation, and additional building material testing to support the project as it is constructed.

The task order is for an estimated \$20,390 and is on a time and material basis and is within the project budget for local and destination development funds.

The City Attorney has reviewed the contract amendment.

The City Engineering & Museum staff recommend approval.
