<b>Public Hearing</b>	August 13, 2025	Planning and Zoning Commission
<b>Public Hearing</b>	October 21, 2025	City Commission
<b>Final Consideration</b>	November 4, 2025	City Commission

The applicant is requesting the approval of a zoning map amendment from Low Density Residential (R1) to General Commercial (GC) for Lot 3 of Block 1 of the Stockert’s First Addition Subdivision, located within the City of Dickinson’s Extra-Territorial Zone. The purpose of this rezoning is to conform with the zoning pattern of the properties to the west prior to replatting the property into one lot.

The associated Stockert Third Addition Preliminary Major Subdivision Plat, listed as PLP-003-2025, shall also heard at the August 13<sup>th</sup>, 2025 Planning and Zoning Commission.

Staff recommendation: Staff recommends approval of this rezoning request contingent upon final approval of Stockert’s 3<sup>rd</sup> Addition Subdivision.

The property is legally described as Lot 3, Block 1, of Stockert’s First Addition Subdivision, located within the W1/2 of Section 22, Township 139 North, Range 96 West, of the 5<sup>th</sup> Principal Meridian, Stark County, North Dakota, located within the City of Dickinson’s Extra-Territorial Zone.

## COMPATIBILITY, COMPLIANCE, AND RECOMMENDATIONS

### Compatibility with the Comprehensive Plan

According to the City's Comprehensive Plan Future Land Use Map (FLUM), the subject property is designated MIXED USE. General Commercial (GC) is an acceptable zoning district under the MIXED USE FLUM designation.

### Compliance with The Zoning Ordinance

The site is currently zoned R-1, and the applicant is proposing to rezone the site to GC. According to the applicant, the purpose of this request is to conform with the zoning of the adjacent lots in order to replat all involved lots into one lot. According to Section 62-160: Applicability of districts, in the Municipal Code, "A base district designation shall apply to each lot or site within the City and its planning jurisdiction. A site must be in one base district." This request, if approved, ensures the associated Stockert Third Addition Subdivision meets the code requirement above.

The applicant has indicated an interest in constructing a new commercial building, as well as locating an accessory structure on the property. These uses would not be permitted within R-1 zoning. Additionally, the proposed building overlaps an existing platted lot line, which would not be permitted by the Municipal Code without a replat.
