

AET Project No. P-0033786 May 15, 2024

ACKNOWLEDGMENT AND AGREEMENT OF SERVICES

The services of American Engineering Testing, Inc., (AET) have been requested for the referenced project by Joshua Skluzacek of the City of Dickinson on May 2, 2024.

Understood information from requesting party includes the following:

Project Name: Project Address:	2024 Watermain and Lead Service Lines Replacement Dickinson, ND
Client:	City of Dickinson
Client Address:	38 1 st Street W
	Dickinson, ND 58601
Client Contact:	Mr. Joshua Skluzacek, PE
	Joshua.skluzacek@dickinsongov.com

SERVICE EXTENT/COMMUNICATION:

AET's project Quality Control (QC) testing services will be provided on an on-call basis when requested by Client or authorized representative. We understand our materials testing services as indicated below will be provided for this project as an amendment to the current contract we have with the City of Dickinson for the City of Dickinson 2024 Geotechnical Engineering Services for Various Infrastructure and Engineering Improvements Projects.

UNDERSTOOD SCOPE OF SERVICES INCLUDES THE FOLLOWING:

- Field testing of plastic concrete for air, slump, temperature, and cast cylinders for compression strength as requested.
- Lab testing of concrete cylinders for compression strength.
- Compaction testing on backfill, basecourse, & asphaltic concrete paving.
- Lab testing on soils, basecourse, and bituminous materials (Proctors, sieve analysis, & mix verification).
- Prepare reports presenting the results of the services provided.

This proposal is valid for a period of 180 days from the date issued under the assumption that the project construction will take place in the 2024 calendar year.

City of Dickinson 2024 Watermain and Lead Service Lines Replacement May 15, 2024 AET Report No. P-0033786

Estimated Fees: Our services will be provided on a unit cost basis according to the unit rates provided in the attached AET Fee Estimate tabulation. Our monthly invoices will be determined by multiplying the number of personnel hours or tests by their respective unit rates. We have also estimated a total cost we anticipate will be required to complete the previously described testing services. This estimated total cost is based on the information provided, our experience with similar projects and the 35 site visits we base our estimate on. Our estimated total cost will be approximately **\$15,670.00**. We refer you to the attached Fee Estimate for an itemization of how we arrived at this estimated cost.

We caution that this is only an estimated cost. Often, variations in the overall cost of the services occur due to reasons beyond our control, such as construction change orders, weather delays, changes in the contractor's schedule, unforeseen conditions or retesting of services. These variations will affect the actual invoice totals, either increasing or decreasing our total costs for the project from those estimated in this proposal. If more time or tests are required, additional fees may be needed to complete the project testing services. If less time or tests are needed, cost savings will be realized. We have also attached our 2024 ND fee schedule for any other out of scope services that may be required.

TERMS/CONDITIONS:

All AET Services are provided subject to the Terms and Conditions set forth in the above referenced City of Dickinson 2024 Geotechnical Engineering Services for Various Infrastructure and Engineering Improvements Projects Construction Service Agreement – Terms and Conditions, which, upon acceptance of this proposal, are binding upon you as the Client requesting Services, and your successors, assignees, joint ventures and third-party beneficiaries. Please be advised that additional insured status is granted upon acceptance of the proposal.

ACCEPTANCE:

AET requests written acceptance of this proposal in the Authorized Client Representative section below, but the following actions shall constitute your acceptance of this proposal together with the Terms and Conditions and Amendments: 1) issuing an authorizing purchase order for any of the Services described above, 2) authorizing AET's presence on site or 3) written or electronic notification for AET to proceed with any of the Services described in this proposal. Please indicate your acceptance of this proposal by signing below and returning a copy to us. When you accept this proposal, you represent that you are authorized to accept on behalf of the Client.

ASTM D2172/AASHTO T 164 Quantitative Extraction of Asphalt Binder (without gradation) AASHTO T 209 Rice Theoretical Max Specific Gravity of Hot Mix Asphalt ASTM D2726/AASHTO T 166 Bulk Specific Gravity and Density of Asphalt Mixtures Gyratory Mix Properties (Suite of Tests) Laboratory Mix Design Marshall Properties	Test Core Each Quote Test Test	\$ 155.00 \$ 190.00 \$ 575.00 \$ 665.00 \$ 75.00 \$ 600.00
ASTM D2172/AASHTO T 164 Quantitative Extraction of Asphalt Binder (without gradation) AASHTO T 209 Rice Theoretical Max Specific Gravity of Hot Mix Asphalt ASTM D2726/AASHTO T 166 Bulk Specific Gravity and Density of Asphalt Mixtures Gyratory Mix Properties (Suite of Tests) Laboratory Mix Design Marshall Properties Marshall Stability and Flow NDDOT Superpave SPV Mix Proportioning (SFN Forms)	Test Core Each Quote Test Test Test	\$ 239.00 \$ 155.00 \$ 190.00 \$ 575.00 \$ 665.00 \$ 75.00 \$ 600.00 \$ 190.00 \$ 240.00

Soil and Earthwork Testing			
Service Item	Unit	Rate	
ASTM D1557 Modified Proctor	Test	\$ 240.00	
ASTM D1883 California Bearing Ratio (CBR) excludes proctor – One Point	Test	\$ 395.00	
ASTM D1883 California Bearing Ratio (CBR) excludes proctor – Three Point	Test	\$ 785.00	
ASTM D5084 Hydraulic Conductivity by Flexible Wall Permeator	Test	\$ 525.00	
ASTM D5084 Hydraulic Conductivity of Remodeled Clay by Flexible Wall	Test	\$ 700.00	
Permeator	Test	\$700.00	
ASTM D5856 Hydraulic Conductivity of Rigid Clay Permeability Test	Test	\$ 525.00	
ASTM D5856 Hydraulic Conductivity of Remolded Rigid Clay Permeability Test	Test	\$ 525.00	
ASTM D5856 Hydraulic Conductivity of Sand	Test	\$ 325.00	
ASTM D698 Standard Proctor	Test	\$ 240.00	
Field Density; DCP Rental	Day	\$ 125.00	
Field Density; Nuclear Density Gauge Rental	Day	\$ 71.00	
Field Density; Test Charge, Nuclear	Test	\$ 37.00	
Field Density; Test Charge, Sand Cone	Test	\$ 95.00	
One Proctor Checkpoint	Test	\$ 80.00
