

## ENGINEERING MEMORANDUM

November 28, 2023

RE: December 5<sup>th</sup> Commission Meeting

### **NDDOT Bid Concurrence Agreement for I-94 East Business Route Micro Surfacing**

For your consideration is a bid concurrence letter from the North Dakota Department of Transportation (NDDOT) to accept the bid for the project to perform micro surfacing for the Interstate 94 (I-94) East Business Route from 10<sup>th</sup> Ave. East to the I-94 interchange (City of Dickinson Project Number 202332). The project is scheduled to be executed during the 2024 construction season and is bid to cost \$686,201.72. The contractor is Asphalt Surface Technologies Corporation of St. Cloud, MN. The NDDOT completed the bidding for the project through their procurement processes. The City of Dickinson cost participation is approximately 10% of the bid as per the cost participation and maintenance agreement which was approved by the City Commission at the August 15, 2023 meeting. This route is classified as a minor arterial with the Federal Highway Administration. The micro surfacing is intended to extend the life of the pavement by sealing the surface, and the micro surfacing will provide additional friction for the roadway surface. The proposed funding for this project is Gross Production Tax which was budgeted as a 2024 Capital Improvement Project for \$100,000.

The City of Dickinson Commission approved the preliminary engineering reimbursement agreement for the I-94 East Business Route micro surfacing project at the November 15, 2022 City Commission meeting. At that time, the project TIC was estimated at \$1,000,000.

The city engineering staff recommends approval
