RE: October 21st Commission Meeting

MSA AMENDMENT & ORDER FORM WITH PICTOMETRY INTERNATIONAL CORP. DBA EAGLEVIEW

For your consideration is an amendment to the master service agreement (MSA) signed in 2021, and an order form with Pictometry International Corp. DBA EagleView. The benefits of having a MSA versus providing a contract for each change to our system are; consistent terms and conditions regardless of the type of change to the contract. Upgraded imagery acquisition equipment will allow us to get higher resolution imagery (1" vs 3") for our next scheduled flight in 2026 at the same price as previously agreed upon. Adding another flight to the order for 2029, extends the savings to that flight as well.

The City Engineering staff recommends approval.
