Proposed Building Materials: Metal with Cellulose Acetate Butyrate (CAB) raised letters (see attached rendering)

Proposed Lighting of the Signs: External

Location of Proposed Sign: Attached is a photograph showing the proposed location

Discussion

The sign permit application in review is proposed at a location inside the locally-designated historic district which is regulated by chapter 15.32.300 of the sign ordinance. The current signage at the subject property is compliant with the sign ordinance. The sign proposed in the current application is regulated by 15.32.090 of the Sign Ordinance, reference below.

- A. *Before any sign can be erected or altered in any way, a valid permit must be issued. Any further alteration of the sign shall require an amendment of the existing permit or the issuance of a new permit. Such changes, as well as original permits, shall be issued pursuant to review by the sign review commission. It is unlawful to display, construct, erect, locate or alter any sign without first obtaining a sign permit for such sign.*

The applicants are the new owners of this business. This is a newly designed sign that is to be placed where the previous projecting sign was located. That sign was removed when this business closed in 2017.

The proposed sign and its location are compliant with the sign ordinance.

Variances

The sign permit application in review as proposed requires no variances from the sign ordinance. Signage variances may be obtained if the sign review commission is able to find *"special circumstances or conditions such as the existence of buildings, topography, vegetation, sign structures, distance or other matters on adjacent lots or within the adjacent public right-of-way that would substantially restrict the effectiveness of the sign in question and such special circumstances or conditions are peculiar to the business or enterprise to which the applicant desires to draw attention and do not apply generally to all businesses or enterprises in the area."* However, it is the responsibility of the applicant to provide adequate evidence of such special circumstances or conditions.

Sign Review Commission Action

Motion to approve permit for new projecting sign at 677 Main Street

OR

Motion to deny proposed sign permit application as submitted.
