MEMORANDUM

Date: September 17, 2026
To: Deadwood City Commission
From: Historic Preservation Office
Re: **Records Research for GIS layer / Boots on Bricks research**

The Historic Preservation Office would like to hire Julie Stone/Jason Fisher as an independent contractor to research, compile and print off paper copies pertaining to the mineral surveys and original townsites in Deadwood's downtown core district. Upon completion, this information will be added to the City's GIS files and used in research pertaining to Boots on Bricks.

Under this contract the independent contractor will:

- Resume Priority 1, more specifically Lower Main Street, Block 13 (odd # lots) on the northerly side of Main Street
- Upper-mid Main Street: There appears to be 2 Mineral Survey lots (M.C. 71 & 78) and the platted city lots within each mineral survey #.

The contract for this project will not exceed \$15,000.00 dollars. Funding for this purchase will come out of the 2026 Public Education line item.

The Historic Preservation Commission reviewed this request at their September 9, 2026 meeting and recommend approval.

RECOMMENDATION:

Move to enter into a contract with July Stone/Jason Fisher to compile and print off paper copies pertaining to the mineral surveys and original townsites in Deadwood's downtown core district in an amount not to exceed \$15,000, contingent upon City Attorney review of the contract, to be paid out of the Public Education line item.
