Case No. 250183
Address: 53 Taylor Street

Staff Report

The applicant has submitted an application for Project Approval for work at 53 Taylor Street, a Contributing structure located in the Ingleside Planning Unit in the City of Deadwood.

Applicant: John and Sharon Martinisko
Owner: MARTINISKO, JOHN & SHARON FAMILY TRUST
Constructed: 1890

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

- 1. Historic significance of the resource:** This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with the founding and initial period of growth of the town of Deadwood. Spurred by the tremendous mining boom of 1876, Deadwood grew quickly and became the first major urban center of western South Dakota. This house displays the architectural characteristics common to working-class housing in pre-World War I Deadwood. These small, vernacular cottages, typically of foursquare or T-gable plan, occasionally featured limited Queen Anne detailing. A number of these houses survive today, scattered throughout Deadwood's neighborhoods.
- 2. Architectural design of the resource and proposed alterations:** The applicant is requesting permission to replace the window over the kitchen sink with all wood. The existing window is cracked and has a metal storm door, the window fogs up during humid conditions, as well. The replacement window will be energy efficient and won't need to use a storm door or screen.
