Case No. 250006
Address: 388 Main St.

Staff Report

The applicant has submitted an application for Project Approval for work at 388 Main St., a Contributing structure located in the Fountain City Planning Unit in the City of Deadwood.

Applicant: Lee Harstad
Owner: MORRIS, WAYNE
Constructed: c1900

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with the founding and initial period of growth of the town of Deadwood. Spurred by the tremendous mining boom of 1876, Deadwood grew quickly and became the first major urban center of western South Dakota. This house displays the architectural characteristics common to working-class housing in pre-World War I Deadwood. These small, vernacular cottages, typically of foursquare or T-gable plan, occasionally featured limited Queen Anne detailing. A number of these houses survive today, scattered throughout Deadwood's neighborhoods.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to install an egress window on the side, basement level, of the structure. The window will be cut into the concrete wall. This will be a 2 lite slider, ProVia Endure 600 Series, vinyl window. This window will be below grade so a vinyl window will withstand moisture.

Staff Opinion: Staff conducted a site visit of the proposed area for the window installation. It is on the side of the resource on the newer addition below grade. As such, it is staff's opinion, the proposed work and changes does not encroach upon, damage or destroy a historic resource nor does it have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

Motions available for commission action:

A: If you, as a commissioner, have determined the Project DOES NOT Encroach Upon, Damage or Destroy a historic property then:

Based upon all the evidence presented, I find that this project **DOES NOT** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places, and therefore move to grant a project approval.

If you, as a commissioner, have determined the Project will Encroach Upon, Damage or Destroy a historic property then:
