Re: Event Complex – Arena Sand Purchase

The Days of 76 Arena at the Deadwood Event Complex is in need of sand to supplement the surfacing. Over the course of time sand is lost due to snow removal, wind, and rain events and currently the Arena needs approximately 700 tons of Sand. This sand is specific to a quarry located near St. Onge and is quoted at \$30 per ton, screened and delivered to the arena.

The Days of 76 Rodeo Committee and James Carter of Deadwood All In have agreed to partner in the purchase of the sand equally along with the City of Deadwood. The City of Deadwood would be responsible for the purchase of \$7,000.00 worth of the sand.

Recommended Motion: *Move to approve the purchase of \$7,000.00 worth of screened and delivered sand or 234 tons of sand from T & T LLC for the Days of 76 Arena.*
