Case No. 210065
Address: 849 Main St.

Staff Report

The applicant has submitted an application for Project Approval for work at 849 Main St., a Contributing structure located in the Upper Main Planning Unit in the City of Deadwood.

Applicant: Iver & Monica Gibbs
Owner: BYRUM, JUDY K MAYEDA, CHERI A
Constructed: 1923

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with early twentieth-century economic activity in the town of Deadwood. In general, this was a period of economic stagnation for the Deadwood region, and relatively few new buildings were constructed in the town. Of the houses which were constructed, however, nearly all displayed elements of the Craftsman architectural style. This mirrored national architectural trends of the period.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to remove the shed roof on the front stoop and replace with a gable that will be tied into the hip of the existing roof and match the roof pitch. Remove the picture window on the left side of the structure and replace with two wood double hung windows. If siding can not be repaired plans are to replace the siding.
