Case No. 260063  
Address: 61 Lincoln  
Ave.

### **Staff Report**

The applicant has submitted an application for Project Approval for work at 61 Lincoln Ave., a Noncontributing structure located in the Ingleside Planning Unit in the City of Deadwood.

Applicant: Martin & Amanda Reynolds  
Owner:  
Constructed: NA

### **CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL**

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

#### **General Factors:**

##### **1. Historic significance of the resource:**

This is currently a vacant lot. There is no historic significance.

##### **2. Architectural design of the resource and proposed alterations:**

The applicant is requesting permission to construct a new single-family home on this lot. Windows will be Anderson casement with tan grids. All exposed concrete will be covered with patina tin. Siding is eight in lap. All doors leading outside will be similar in look and material to the windows.

**Attachments: Yes**

**Plans: Ye**

**Photos: Yes**

#### **Staff Opinion:**

The proposed Building #2 in the plans will be constructed at this location and is compatible in size, massing, scale and proportions (other than siding reveal). The siding should be a 5" reveal. Staff recommends the covered porch design and double hung windows. Archaeology will be required prior to and during the construction process.

Historically there was at least one additional house on Lincoln Street near the proposed location which appears to have been lost between 1923 and 1930.

It is staff's opinion, the proposed work and changes do not encroach upon, damage, or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.
