Address: 109 Denver
Ave.

Staff Report

The applicant has submitted an application for Project Approval for work at 109 Denver Ave., a Noncontributing structure located in the City Creek Planning Unit in the City of Deadwood.

Applicant: Clint Norman
Owner: NORMAN, CLINT & KNUDSEN, LENITA O
Constructed: 1890

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

While this may be an historic house, the building was completely remodeled in approximately 1950, and presents an appearance from that era. Because of the loss of integrity caused by these changes, the property cannot currently contribute to the Deadwood National Historic Landmark District.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to rebuild damaged windows/trim-eave trim. Paint entire home and shed to match. Replace metal storm windows with wooden. Replace metal front storm door with wooden.

Staff Opinion:

The proposed work and changes does not encroach upon, damage or destroy a historic resource nor does it have an adverse affect on the character of the building or the historic character of the State and National Historic Register Districts or the Deadwood National Historic Landmark District.

Motions available for commission action:

A: If you, as a commissioner, have determined the Project DOES NOT Encroach Upon, Damage or Destroy a historic property then:

Based upon all the evidence presented, I find that this project **DOES NOT** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places, and therefore move to grant a project approval.

C: Second Motion:
