

Case No. 210217
Address: 830 Main St.

Staff Report

The applicant has submitted an application for Project Approval for work at 830 Main St., a structure located in the Upper Main Planning Unit in the City of Deadwood.

Applicant: Doug and Misty Asermely
Owner: ASERMELY, DOUGLAS E
Constructed: 1905

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

The building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with the founding and initial period of growth of the town of Deadwood. Spurred by the tremendous mining boom of 1876, Deadwood grew quickly and became the first major urban center of western South Dakota. Deadwood's economic prominence during the late 1800s and early 1900s was reflected by the construction of a number of large residences such as this one. These houses displayed a variety of architectural styles: Queen Anne, Second Empire, Colonial, and even Gothic variants are found locally. Together, these houses are among the strongest reminders of Deadwood's nineteenth-century boom.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to repair a portion of the foundation on the backside of the structure. During construction of an addition issues were discovered.

Staff Opinion:

In September the applicant applied for and received a project approval to construct an addition onto the rear left (south) side of the structure to remodel the kitchen and bathroom. During the construction an issue with the foundation was discovered and the applicant is requesting permission to make this repair. They are also applying for the foundation grant program. Staff has conducted a site visit to fully understand the issues of the foundation. The proposed work and changes do not encroach upon, damage or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.
