Historic Preservation Programs

Policy Guidelines

1. Statement of Purpose:

The restoration and protection of Deadwood's historic buildings and structures are a primary part of the City's goal to preserve and maintain Deadwood's historic integrity. The expense of such restoration and protection projects may discourage property owners from having the work completed or may result in a lower quality of craftsmanship. The purpose of this program is to assist and encourage property owners to use quality materials and craftsmanship by repairing first, where possible, and replacing, only if necessary.

2. Objective:

The City of Deadwood is a National Historic Landmark and is listed on the National and South Dakota State Registers of Historic Places. Maintaining these designations is critical to the economic success of the City and quality of life of its residents. The objective of the program is to stimulate the quality restoration and protection of buildings and structures that contribute to the historic integrity of the City of Deadwood.

3. Eligibility for all Programs:

To be eligible for the Historic Preservation Programs, all projects must meet the following criteria:

The Owner may be eligible for refinancing the balloon payment at the end of loan period but the new loan will be subject to new loan conditions and at market rates.
