

Case No. 210197
Address: 12 Sampson St.

Staff Report

The applicant has submitted an application for Project Approval for work at 12 Sampson St., a contributing structure located in the Large's Flat Planning Unit in the City of Deadwood.

Applicant: Terry Vanzanten
Owner: VAN ZANTEN, TERRY L & RHONDA E
Constructed: 1936

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This structure is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with early twentieth-century economic activity in the town of Deadwood. In general, this was a period of economic stagnation for the Deadwood region, and relatively few new buildings were constructed in the town. Of the houses which were constructed, however, nearly all displayed elements of the Craftsman architectural style. This mirrored national architectural trends of the period.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to extend a roof over the porch in the rear of the structure by 40 inches to cover the steps.

Attachments: No

Plans: No

Photos: Yes

Staff Opinion:

The proposed roof extension is at the rear of the resource and will not drastically alter the resource. Therefore, it is staff's opinion the proposed work and changes do not encroach upon, damage or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

Motions available for commission action:

A: If you, as a commissioner, have determined the Project DOES NOT Encroach Upon, Damage or Destroy a historic property then:

Based upon all the evidence presented, I find that this project **DOES NOT** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places, and therefore move to grant a project approval.
