Case No. 230108  
Address: 81 Stewart St.

### **Staff Report**

The applicant has submitted an application for work at 81 Stewart St., a contributing structure located in the Cleveland Planning Unit in the City of Deadwood.

Applicant: Mike & Anita McKelvey  
Owner: ENGLE, JASON CHARLES0  
Constructed: c 1890

### **CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL**

**The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:**

**General Factors:**

**1. Historic significance of the resource:**

This is an early Deadwood house which was remodeled during the pre-world War II years; consequently, it has historic associations with both Deadwood's nineteenth-century mining boom and the region's mining revival of the late 1920s and 1930s. This house displays architectural elements which were popular during the latter period. In Deadwood, as elsewhere in the United States, residential remodels commonly borrowed from the then popular Craftsman Style. Other remodels copy traditional forms seen in the "picturesque Revival" styles.

**2. Architectural design of the resource and proposed alterations:**

The applicant is requesting permission to repair and restore windows, to include broken glass, rotted wood, missing storm windows, missing/broken screens (garage), water intrusion, removal/replacement of aluminum window (1), restoring physical operation of windows and increasing energy efficiency of windows.

**Plans: No**

**Photos: Yes**

**Staff Opinion:**

The proposed work and changes do not encroach upon, damage, or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

**Motions available for commission action:**

**A: If you, as a commissioner, have determined the Project DOES NOT Encroach Upon, Damage or Destroy a historic property then:**

Based upon all the evidence presented, I find that this project **DOES NOT** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places, and therefore move to grant a project approval.
