The above-mentioned organizations are entering into an AGREEMENT to establish a Work-Based Learning (WBL) Program with the stipulations outlined below. This document is not a contract or a legally binding document; rather, it is a Memorandum of Understanding (MOU) between the above-mentioned parties.

Job Corps students are considered employees of the federal government for purposes of medical coverage under the Federal Employees' Compensation Act (FECA). Section 8143 of FECA reads, "While students are enrolled in Job Corps, students are considered employees of the Federal Government for purposes of medical coverage under FECA. The 'performance of duty' does not include an act of an enrollee while absent from his assigned post of duty, except while participating in an activity (including an activity while on pass or during travel to or from the post duty) authorized by or under the direction and supervision of Job Corps."

There is no provision stated or implied in the Act that employers must provide additional insurance coverage for federal employees. While students are assigned to the work site, the WBL coordinator is responsible for monitoring and working closely with the students and employers to provide training, weekly evaluations, and conflict resolution. The WBL employer should be advised to report all accidents and injuries that occur during the "performance of duty" directly to the Center Director or WBL coordinator. In the event a student is injured while assigned to a WBL site, the student is covered under FECA. WBL employer shall record the incident in accordance with their established injury record keeping system and report the incident to the WBL coordinator.

There are no specific general industry Occupational Safety and Health Administration (OSHA) standards for accident investigation. However, Job Corps centers are required to conduct accident investigations in the event of a fatality, major property damage or injuries, including serious injuries resulting in hospitalization in accordance with 29CFR 1960.29, "Basic Program Elements for Federal Employees OSHA." In the event of a student fatality or serious injury, the work site and the WBL coordinator are responsible for contacting OSHA and the Job Corps center within 8 hours. Job Corps and the work site should conduct an accident
