[Michael.runge@cityofdeadwood.com](mailto:Michael.runge@cityofdeadwood.com)

## SCOPE OF WORK

Thank you for the opportunity to submit pricing for the microfilming and digitization of City of Deadwood Criminal Docket Ledger books. DocuTek, Inc. has been in business since 1995. Our areas of expertise are digitizing paper, digitizing microfilm, and the creation of microfilm. All areas of our expertise would be required for this project.

Based upon the information you have emailed, listed below is the general scope of work.

**Goal:** Digitize 8 Criminal Docket Ledger books into PDF files. One PDF file per ledger book.  
Deliverable of one PDF image per page, with open book microfilmed images being split.

### Scope of Work:

Microfilm and digitize to PDF 8 Criminal Docket ledger books and 12 Tax Ledger books from 1931-1934.

7063 pages for 8 Criminal Docket ledger books. Microfilming would be done “open book”, thereby generating 3,532 frames (two pages per frame). Microfilm would then be digitized and each frame split into two PDF images.

Tax ledger books would contain an average of 350 (2 page) images, for an estimated 4,200 frames. Two pages will be delivered in an “open book two page per PDF image” format.

### Process:

1. Criminal Docket Ledger & Tax Ledger books will be transported to DocuTek, Inc. (located in Englewood, CO).
2. DocuTek will provide sample scans to City of Deadwood with both processes.
3. Upon approval by City of Deadwood, the microfilming and digitization process will commence. Microfilming will be done on a Kodak MRD-2 Camera.
4. Microfilm Criminal Docket ledgers (open book). Based upon your flat surface measurements, we should be able to microfilm open book.
5. After microfilming and microfilm processing has occurred, DocuTek will digitize microfilm images using the FlexScan Microfilm scanner made by NextScan. I have included equipment spec sheets at the end of this proposal.
6. Microfilm digitizing will occur at 300DPI in grayscale.
7. Digitize microfilm images to PDF files and split open book microfilm frame into two PDF images.
8. Create one multi-page PDF file per ledger.

## COMPANY PROFILE & CLIENT REFERENCES

**DocuTek Incorporated** is located in Lakewood, Colorado and provides document scanning services throughout the United States. Our company provides Document Scanning Services, Microfilm Scanning Services, NextScan Virtual Film Software, PaperVision EDMS Software, Document Scanner Sales, Microfilm Scanner Sales, and Support Services for all hardware and software that we sell. The focus of our company is to help organizations effectively manage paper, microfilm, and electronic content through our Conversion Services Department and/or by recommending, designing and implementing “in-house” software/hardware solutions. DocuTek has established a proven track record and a large customer base throughout Colorado and Southern Wyoming.

DocuTek, Inc. has been in business since 1995. We have converted millions of images from paper and microfilm into digital format for a wide range of customers and industries. We have partnered with industry leading companies like Canon USA, Digitech Systems, E-Imagedata, nextScan, and Panasonic to allow us to offer our clients the best and most innovative solutions at extremely competitive prices. Over 23 years of experience in digitizing records (paper & microfilm) has enabled our company to develop a sound project workflow methodology, quality control practices, and the use of state-of-the-art scanning equipment and software that will insure that our conversion services are done to your complete satisfaction.

Listed below are some important facets of our company that we believe make DocuTek uniquely qualified and capable to complete this project for the City of Deadwood:

- **OWNERSHIP AND STAFF EXPERIENCE.** The two owners have over 50+ years of experience, with primary roles of Technical Expertise and Project Management. Key personnel that would be involved with your project have almost 100 years combined experience working in document conversion service bureaus. During our 23 years in business we have scanned millions of images from paper and microfilm.
- **SECURITY.** DocuTek has successfully completed many projects with highly sensitive and confidential information, including: state income tax returns, medical records, police department case files, human resources files, and various financial and legal records. All documents to be scanned at our facility will be transported by DocuTek authorized personnel in one of our company vehicles to ensure proper chain of custody. No third

party transportation will be utilized. Once at our secured facility, City of Deadwood Tax Ledgers will be stored in a secured area, accessible only to authorized employees. During the scanning process, images will reside strictly on a “stand alone” computers and/or encrypted USB hard drives, with no network or internet capabilities.

- **CONFIDENTIALITY.** DocuTek requires that all employees submit to a background check and sign a non-disclosure agreement as a term of employment.
- **EXPERIENCE WITH DIFFERENT RECORD TYPES.** As indicated by our current client lists and references, DocuTek has worked on a number of projects involving various historical/archival document types, each with their own unique and challenging requirements. No matter what document type, condition or format, we have probably scanned it.
- **CUSTOMER SERVICE.** Client satisfaction is our first priority and our customer service is second to none. We are very responsive to any needs of our customers and are able to quickly implement changes as necessary. Through the course of the project, DocuTek will provide regular updates to insure we are on task and on time.
- **SCANNING/MICROFILMING EQUIPMENT AVAILABILITY AND RELIABILITY.** All servicing of our equipment is done “in house”. Our Service Technicians are available to remedy hardware and software issues immediately. This minimizes down time by having onsite Service Technicians who can quickly resolve any issues and lowers our cost of doing business by not having to pay 3<sup>rd</sup> party companies. Additionally, this further protects our client’s confidential records by minimizing or eliminating the need for non-authorized personnel entering work areas.
- **NO SUBCONTRACTING.** All work will be done by DocuTek employees at our document conversion facility in Englewood. NO PORTION of the job will be outsourced to a subcontractor.
- **FOCUS.** Document scanning, microfilming scanning, microfilming, sales/service of scanner equipment and the design, installation and support of electronic document management systems software is all we do. It is not just our primary line of business, it is our only line of business. We don’t sell copiers or printers or any other business ventures outside of document scanning and document management.

Below are few of our other current clients, for whom we provide other document/microfilm conversion, software integration and/or hardware and software support services:
