Case No. 230061
Address: 52 Van Buren

Staff Report

The applicant has submitted an application for work at 52 Van Buren, a contributing structure located in the Ingleside Planning Unit in the City of Deadwood.

Applicant: Ben and Sheri Greenlee
Owner: GREENLEE, BENJAMIN B, Sr
Constructed: 1935

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with early twentieth-century economic activity in the town of Deadwood. In general, this was a period of economic stagnation for the Deadwood region, and relatively few new buildings were constructed in the town. Of the houses which were constructed, however, nearly all displayed elements of the Craftsman architectural style. This mirrored national architectural trends of the period.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to install push piers to support the foundation, concrete renewal for piers, box steel for piers, lift foundation, install a supplement beam. Plans are to construct a 25'x27' addition on the east side (left side) of structure later this fall. Plans will be submitted at that time.
