

BOND PAYMENTS

Bond Payments

The Historic Preservation Commission has utilized funds obtained from gaming revenues to continue to update much of Deadwood's infrastructure, thereby facilitating the heritage tourism industry and providing the necessary access and utilities for the protection and maintenance of Deadwood's historic resources. Many of these projects have been funded through the issuance of bonds. In 2019, the Deadwood Historic Preservation Commission made final payments of the 2012 & 2015 bond series and reissued a new bond series in the amount of \$3,800,000. The funds allocated in this line item are used to make the annual debt payments and related fees on the new bond series. The series was for city owned retaining walls, the construction of Outlaw Square and the development of a new Main Street Master Plan. This bond debt was paid off in the fall of 2023 and saved several thousands of dollars.

The Historic Preservation Commission and the City of Deadwood will be continuing to undergo intensive planning for the historic Rodeo Grounds with the issuance of another bond likely in 2025. The Days of '76 Rodeo and Celebration is over a century old and has been an award-winning event, Rodeo Grounds improvements are needed to maintain and expand this historic venue.

Bonded projects have included the following projects since 1989:
