Review Requested Date 2/19/2023 02:24 PM

Examiner: P&T Committee

Reason for Review: I am a 70 yr. old senior who waited from 5:30 pm on 2/14/23 till 9:30 pm for the city plow and sand truck to make a pass up Burnham Ave. and it did not happen as I had anticipated. At 9:30 pm I made a futile attempt to reach my driveway and was unsuccessful and was very lucky get my truck beach up against the far curb after sliding backwards and cranking my tires into the burn. I fully expected the fine city of Deadwood to have this street maintained by this time of the evening and had to leave it where it was till after being plowed the next day. I don't believe parking at bottom of hill and attempting to walk up to my residence in 10 to 12 inches of fresh snow was an option so there for I would request that you overlook this infraction in light of me and my wife making it home safely with no physical damage to persons or property. I will in the future call the city to see what the plowing schedule might be for our street if not already done. Thanks in advance for your consideration on this ticket.

Sincerely,

Peter Pantazopoulos.
