

Case No. 220166
Address: 21 Guy St.

Staff Report

The applicant has submitted an application for Project Approval for work at 21 Guy St., a contributing structure located in the Forest Hill Planning Unit in the City of Deadwood.

Applicant: Randi Coddington
Owner: CODDINGTON, RANDI
Constructed: c 1912

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with early twentieth-century economic stagnation for the Deadwood region, and relatively few new buildings were constructed in the town.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to replace eight historic windows with Marvin wood windows and two garage doors with a wood look garage door made by Glenmoor.

Attachments: No

Plans: No

Photos: Yes

Staff Opinion:

Staff conducted a site visit of the project to determine if the windows should be restored or replaced. The applicant will be entering into the windows grant program for the windows only. The proposed work and changes do not encroach upon, damage or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

Motions available for commission action:

A: If you, as a commissioner, have determined the Project DOES NOT Encroach Upon, Damage or Destroy a historic property then:

Based upon all the evidence presented, I find that this project **DOES NOT** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places, and therefore move to grant a project approval.

If you, as a commissioner, have determined the Project will Encroach Upon, Damage or Destroy a historic property then:

B: First Motion:

Based upon all the evidence presented, I move to make a finding that this project **DOES** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places. [If this, move on to 2nd Motion and choose an option.]

C: Second Motion:

Option 1: Based upon the guidance in the U.S. Department of the Interior standards for historic preservation, restoration, and rehabilitation projects adopted by rules promulgated pursuant to SDCL 1-19A & 1-19B, *et seq*, I find that the project is **NOT ADVERSE** to Deadwood and move to **APPROVE** the project as presented.

OR

Option 2: Based upon the guidance in the U.S. Department of the Interior standards for historic preservation, restoration, and rehabilitation projects adopted by rules promulgated pursuant to SDCL 1-19A & 1-19B, *et seq*, I find that the project is **ADVERSE** to Deadwood and move to **DENY** the project as presented.
