

Case No. 240020
Address: 849 Main St.

Staff Report

The applicant has submitted an application for work at 849 Main St., a contributing structure located in the Upper Main Planning Unit in the City of Deadwood.

Applicant: Iver & Monica Gibbs
Owner: GOLD RUSH PROPERTIES LLC
Constructed: c 1925

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with early twentieth-century economic activity in the town of Deadwood. In general, this was a period of economic stagnation for the Deadwood region, and relatively few new buildings were constructed in the town. Of the houses which were constructed, however, nearly all displayed elements of the Craftsman architectural style. This mirrored national architectural trends of the period.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to install a six-foot wooden fence to be placed in the back yard between 847 and 849 Main. Dogs have been coming across the property line. The applicant will hire a surveyor to determine the property line before fence installation.
