SUMMARY OF REQUEST

The applicants have submitted a request for a Conditional Use Permit to operate a Laundromat located at 138 Sherman Street. The Laundromat would be available to the public to utilize and serve as laundry services for Deadwood Rentals LLC, a property management company that oversees vacation rentals.

FACTUAL INFORMATION

1. The property is currently zoned C1 - Commercial.
2. The subject property has access from Sherman Street with on-street parking located on Sherman Street and additional parking in the Sherman Street parking lot.
3. The subject property is located within a C1 - Commercial zoning location.
4. The property is located within a 100-year flood zone.
5. Adequate public facilities are available to serve the property.
6. The area is characterized by business uses located within the Local Historic District.

STAFF DISCUSSION

The applicants have submitted a request for a Conditional Use Permit for a Laundromat and City regulations permit Laundromats in C1 - Commercial zoning districts with an approved Conditional Use Permit. According to their application, the building will undergo an interior remodel to accommodate the laundromat. They will have on-street parking along Sherman Street with additional parking in the Sherman Street parking lot.

COMPLIANCE:

1. The Zoning Office provided notice identifying the applicant, describing the project and its location, and giving the scheduled date of the public hearing in accordance with Section 11-4-4.
 2. A sign was posted on the property for which the requests were filed.
 3. Notice of the time and place was published in the designated newspaper of the City of Deadwood.

GENERAL USE STANDARDS FOR CONDITIONAL USE PERMITS:

In reviewing any application under the authority of this chapter and as a further guide to its decision upon the facts of the case, the Commission(s) shall consider, among other things, the following facts:

- A. The proposed use shall be in harmony with the general purposes, goals, objectives, and standards to the City Policy Plan, the ordinance, the district in which it is located, or any other plan, program, map, or ordinance adopted, or under consideration pursuant to official notice by the City of Deadwood.

The City Comprehensive Plan encourages a variety of uses and a mixture of housing types. Preservation of the existing stock of historic structures can be obtained by working with individuals and guiding the uses of historic structures.

- B. Whether or not a community need exists for the proposed use at the proposed location in light of existing and proposed uses of a similar nature in the area and of the need to provide or maintain a proper mix of uses both within the city and also within the immediate area of the proposed use: (a) the proposed use in the proposed location shall not result in either a detrimental over concentration of a particular use from previously permitted uses within the city or within the immediate area of the proposed use.

The subject area is zoned C1 – Commercial and is intended to provide locations for commercial uses, which require access to roads and highways, and substantial amounts of parking. This area is of business use and the proposed use will not result in an overconcentration of Laundromats within the neighborhood.

- C. The proposed use at this location shall not result in a substantial or undue adverse effect on adjacent property, the character of the neighborhood, traffic conditions, parking, public improvement, public sites, or rights-of-way.

The proposed use may not result in a substantial or undue adverse effect on adjacent properties, or the character of the property, and the use would not alter the character of the district. There will be no change in the size of the dwelling. To support the denial of a Conditional Use Permit on the grounds that it will cause increased traffic problems, there must be a high degree of probability that the increase would pose a substantial threat to the health and safety of the community.

- D. Whether or not the proposed use increases the proliferation of non-conforming uses as well as previously approved Conditional Use Permits which are still in use, when influenced by matters pertaining to the public health, safety, and general welfare, either as they now exist or as they may in

the future be developed as a result of the implementation of provisions and policies of the Policy Plan, this ordinance, or any other plan, program, map or ordinance adopted, or under consideration pursuant to official notice, by the city or other governmental agency having jurisdiction to guide growth and development.

For any conditional use, lot and performance standards shall be the same as similar type uses located in specific districts. The character and use of buildings and structures adjoining or near the property mentioned in the application shall be considered in their entirety.

The proposed use would not increase the proliferation of non-conforming uses. The appearance of the structure will not change; therefore, the character and use of the buildings and structures adjoining the subject property will not be adversely affected.

- E. Whether or not the proposed use in the proposed area will be adequately served by and will not impose an undue burden on any of the improvements, facilities, utilities, and services specified in city ordinance. Where any such improvements, facilities, utilities or services are not available or adequate to service the proposed use in the proposed location, the applicant, as part of the application and as a condition to approval of the proposed Conditional Use Permit, is responsible for establishing ability, willingness and binding commitment to provide such improvements, facilities, utilities and services in sufficient time and in a manner consistent with the policy plan, this title, and other plans, programs, maps and ordinances adopted by the city to guide its growth and development. The approval of the Conditional Use Permit shall be conditioned upon such improvements, facilities, utilities, and services being provided and guaranteed by the applicant as described in Section 17.04.110.

The proposed use will not cause significant adverse impacts on water supply, fire protection, waste disposal, schools, traffic and circulation, or other services. Existing services are available onsite.

CONDITIONS GOVERNING APPLICATIONS AND PROVISIONS:

- A. Following the issuance of a Conditional Use Permit pursuant to the provisions of this ordinance, such permit may be amended, varied, or altered only pursuant to the standards and procedures established by this section for its original approval.
- B. Conditional Use Permits, once granted, can be revoked by the Board of Adjustment for cause after a hearing is held before them. Complaints seeking the revocation of such a permit shall be filed with the Zoning Administrator

and may be initiated by the Planning and Zoning Commission OR any three (3) residents within three hundred (300) feet of the property lines of which the application has been filed. All such revocation hearings shall be conducted in the same manner as for the Conditional Use Permit application hearings.

- C. The Planning and Zoning Commission shall have the authority to review Conditional Use Permits at any time and/or on an annual basis and place additional stipulations to mitigate a problem.
- D. To defray the administration costs of processing requests for Conditional Use Permits, a fee has been set by resolution of the City Commission and such information is available at the Planning and Zoning Office.
- E. Any use permitted under the terms of any Conditional Use Permit shall be established and conducted in conformity with the terms of such permit and of any conditions designated therewith.
- F. If the use permitted under the terms of a Conditional Use Permit has not been started within six (6) months of the date of issuance thereof, said permit shall expire and be canceled by the City Planning Department. Written notice thereof shall be given to the person(s) affected, together with notice that further use or work as described in the canceled permit shall not proceed, unless and until a new Conditional Use Permit has been obtained.
- G. If the use permitted under the terms of a Conditional Use Permit ceases, for whatever reason, for a period of twelve (12) months, said permit shall expire and be canceled by the City Planning Department. Written notice thereof shall be given to the person(s) affected, together with notice that further use or work as described in the canceled permit shall not proceed, unless and until a new Conditional Use Permit has been obtained.
- H. Upon receipt in proper form of the application and other requested material, the Board of Adjustment shall hold at least one (1) public hearing in a location to be prescribed by the Board of Adjustment and shall make a decision upon the proposal to grant or deny the Conditional Use Permit. At least ten (10) days in advance of each hearing, notice of the time and place of such hearing shall be published in the official newspaper of the city. Notice shall be posted on the property for which the Application for Conditional Use Permit has been filed.

If approved for a Conditional Use Permit, staff recommends the following stipulation(s):

1. The Conditional Use Permit runs with the applicant and not the land; therefore, should the property be sold, the Conditional Use Permit is null and void.
2. The Building Inspector shall inspect the building to ensure it meets applicable building codes.
3. A City of Deadwood Business License shall be obtained and maintained.
4. Verification of a sales tax number issued by the South Dakota Department of Revenue shall be provided to the Planning and Zoning Office for their files.
5. Each coin operated machine designed for washing, cleaning or drying any material must be licensed with the South Dakota Department of Revenue. Verification of such license(s) shall be provided to the Planning and Zoning Office for their files.

ACTION REQUIRED:

1. Approval/Denial by Deadwood Planning and Zoning Commission
