Staff Opinion:

The proposed location of the garage is located right along the Mickelson Trail and is currently being used as a vehicle storage area. There are several metal storage buildings in the vicinity as well as a large shop. Most of the buildings in the area are gable roofs where this proposed roof line is a pent or shed roof with a height of 17+ feet. It is on the edge of the Deadwood National Historic Landmark District.

The proposed work and changes do not encroach upon, damage or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.
