MEMORANDUM

Date: April 22, 2021
To: Deadwood Historic Preservation Commission
From: Kevin Kuchenbecker, Historic Preservation Officer
Re: Historic Publication Fund Requests

In 2019 the Historic Publication Fund was created to help with printing cost of books that relate to the history of Deadwood and/or the Black Hills. Applicants can apply once a year with the deadline to apply on April 15. Our office received one application for a children's book.

The committee met on April 22, 2021 to review the application and recommend approval as follows:

- Karen Holzer – up to \$5,000.00 of the printing cost for one book – “Let's Feed The Fish, Meet Me At The D.C. Booth Historic National Fish Hatchery”

Payment will be made directly to the printing companies with any cost over the \$5,000.00 to be paid by the applicant. The applicant has 36 months to repay this funding through a quarterly payment schedule. The Deadwood Historic Preservation Commission must be listed as a supporter in the book along with our official logo.

Recommended Motion: *Move to approve the Historic Publication Fund request of up to \$5,000.00 for Karen Holzer to pay for printing costs of the book “Let's Feed The Fish, Meet Me At The D.C. Booth Historic National Fish Hatchery”.*
