Case No. 230179  
Address: 320 Williams

### **Staff Report**

The applicant has submitted an application for work at 320 Williams St., a contributing structure located in the Forest Hill Planning Unit in the City of Deadwood.

Applicant: Dacey & Dusty Hepper  
Owner: HEPPER, DUSTIN JHEPPER, DACEY L  
Constructed: c 1902

### **CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL**

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

#### **General Factors:**

##### **1. Historic significance of the resource:**

This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with the founding and initial period of growth of the town of Deadwood. Spurred by the tremendous mining boom of 1876, Deadwood grew quickly and became the first major urban center of western South Dakota. This house displays the architectural characteristics common to working-class housing in pre-World War I Deadwood. These small, vernacular cottages, typically of foursquare or T-gable plan, occasionally featured limited Queen Anne detailing. A number of these houses survive today, scattered throughout Deadwood's neighborhoods. Research indicates that a small one-story log cabin occupied this property as early as 1877. Sometime between 1897 and 1902, the cabin was removed or destroyed, and today's house built in its place.

##### **2. Architectural design of the resource and proposed alterations:**

The Applicant is requesting permission to repair the stucco siding on the garage and fix the concrete steps up to the house.

#### **Staff Opinion:**

The applicant is also applying for the foundation and siding grant programs. The proposed work and changes do not encroach upon, damage or destroy a historic resource or have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

**Motions available for commission action:**

**A: If you, as a commissioner, have determined the Project DOES NOT Encroach Upon, Damage or Destroy a historic property then:**

Based upon all the evidence presented, I find that this project **DOES NOT** encroach upon, damage, or destroy any historic property included in the national register of historic places or the state register of historic places, and therefore move to grant a project approval.
