Quote Prepared By: Victor Gust

#### **WEED SPRAY QUOTE - WHITEWOOD CREEK**

- Spray broadleaf and noxious weeds along Whitewood Creek as per spec map provided by Tallgrass Landscape Architecture
- Target weeds include thistle, tansy, and houndstongue
- Spraying areas include designated creek banks and trail areas. In locations where banks abut private property, no spraying onto private property
- Price includes labor and herbicide products
- \$3,100.00 per application

#### **Follow Up Treatment**

- Spray broadleaf and noxious weeds along trail extension areas 12 to 15 feet on north side of trail and to stream bank on south side as done in 2021
- \$1,930.00 per application

#### **Notes**

- Application needs to be done at a period of low water flow for safety of applicators.
- Warne Chemical & Equipment Company Inc is licensed for application of pesticides.
- Warne Chemical & Equipment Company Inc carries a complete insurance package. A certificate of insurance is available upon ordering the above applications.
