Please find enclosed a check for \$7,457,962.29 that covers your federal and state share of your FEMA approved 2019 Disaster Project. You were set up on a repayment schedule for the local portion of your draw, but now that FEMA has funded your project your disaster advance is due for full repayment.

As per Section II. D-F of the 2019 Infrastructure Disaster Recovery Program Agreement, this is your billing notice for repayment of your remaining advance and interest, on the local share, from the state in the total amount of \$6,616,611.72. You have 30 days to remit payment on this amount to avoid further interest being calculated. Any amount that you do not pay back within 30 days will be set up on a new repayment plan.
