4. The subject property has access from Stewart Street.
5. The subject property is located within a very low-density land use classification on the adopted Zoning Map.

7. Adequate public facilities are available to serve the property.
8. The area is characterized by a mixture of single-family dwellings located in the Cleveland Historic Overlay Zone.

## **STAFF DISCUSSION**

---

The applicant has submitted a request for a Conditional Use Permit for the operations of a small business in the form of a delivery donut shop under Section 17.24.030 Conditional Uses under Home Occupation in a R1 – Residential District.

Specific detail on the proposed operations and business plan are included with the application and supporting documentation. It appears to be limited impact on the proposed location of the subject property for Home Occupation.

The applicant has coordinated the proposed business operations with the South Dakota Department of Health and would operate under South Dakota's Cottage Food Laws. [See Exhibit B for more details]

## **COMPLIANCE:**

---

1. The Zoning Officer provided notice identifying the applicant, describing the project and its location, and giving the scheduled date of the public hearing in accordance with Section 17.76.060. This notice was in the form of a direct mailing to property owners within a 300' buffer to said property. [Exhibit C]
2. A sign was posted on the property for which the request for the Conditional Use Permit was filed on Monday, April 3, 2023.

**GENERAL USE STANDARDS FOR CONDITIONAL USE PERMITS:**

---

In reviewing any application under the authority of this chapter and as a further guide to its decision upon the facts of the case, the Commission(s) shall consider, among other things, the following facts:

- A. The proposed use shall be in harmony with the general purposes, goals, objectives, and standards to the City Policy Plan, the ordinance, the district in which it is located, or any other plan, program, map, or ordinance adopted, or under consideration pursuant to official notice by the City of Deadwood.

*The City Comprehensive Plan encourages a variety of uses and a mixture of housing types. Preserve the existing stock of historic structures by working with the individuals and guiding the uses is an acceptable means. Traffic and parking should not significantly affect the neighborhood since the business will be operated on via a delivery service and not by walk-up or appointment basis. This property does not have off street parking. The delivery vehicle will be the applicant's personal vehicle. The area has a mixture of single-family dwellings.*

- B. Whether or not a community need exists for the proposed use at the proposed location in light of existing and proposed uses of a similar nature in the area and of the need to provide or maintain a proper mix of uses both within the city and also within the immediate area of the proposed use: (a) the proposed use in the proposed location shall not result in either a detrimental over concentration of a particular use from previously permitted uses within the city or within the immediate area of the proposed use.

*The subject area is zoned R1 – Residential District. The R1 – Residential District is intended to provide locations for low to medium density, residential development commensurate with an urban area. Currently, there is not an over-concentration of this type of use in the city and there is limited home occupational use of residential property in this vicinity.*

- C. The proposed use at the proposed location shall not result in a substantial or undue adverse effect on adjacent property, the character of the neighborhood, traffic conditions, parking, public improvement, public sites, or rights-of-way.

*The proposed use would not result in a substantial or undue adverse effect on adjacent property, or the character of the neighborhood and the use would not alter the character of the neighborhood. There will be no change in the size of the dwelling. To support a denial of a conditional use permit on the grounds that it will cause increased traffic problems, there must be a high degree of probability that the increase would pose a substantial threat to the health and safety of the community. Again, this use would generate minimal traffic.*

- D. Whether or not the proposed use increases the proliferation of non-

conforming uses as well as previously approved Conditional Use Permits which are still in use, when influenced by matters pertaining to the public health, safety, and general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of provisions and policies of the Policy Plan, this ordinance, or any other plan, program, map or ordinance adopted, or under consideration pursuant to official notice, by the city or other governmental agency having jurisdiction to guide growth and development.

For any conditional use, lot and performance standards shall be the same as similar type uses located in specific districts. The character and use of buildings and structures adjoining or near the property mentioned in the application shall be considered in their entirety.

*The proposed use would not increase the proliferation of non-conforming uses. There are approximately nine (9) homes along this portion of Stewart Street with a variety of on and off-street parking. The use is otherwise surrounded by single-family residences. The appearance of the residence will not change and the character and use of the buildings and structures adjoining the subject property will not be adversely affected.*

- E. Whether or not the proposed use in the proposed area will be adequately served by and will not impose an undue burden on any of the improvements, facilities, utilities, and services specified in this section.

*The proposed use will not cause significant adverse impacts on water supply, fire protection, waste disposal, schools, traffic and circulation or other services. Existing services are available onsite.*

---

**CONDITIONS GOVERNING APPLICATIONS AND PROVISIONS:**

---

- A. Following the issuance of a conditional use permit pursuant to the provisions of this ordinance, such permit may be amended, varied, or altered only pursuant to the standards and procedures established by this section for its original approval.
- B. The Board of Adjustments can revoke conditional use permits, once granted, for cause after a hearing is held before them. Complaints seeking the revocation of such permit shall be filled with the Zoning Administrator and may be initiated by the Planning and Zoning Commission OR any three (3) residents within three hundred (300) feet of the property lines of which the application has been filed. All such revocation hearings shall be conducted in the same manner as for the Conditional Use Permit application hearings.
- C. The Planning and Zoning Commission shall have the authority to review Conditional Use Permits at any time and/or on an annual basis and place additional stipulations to mitigate a problem.

- D. If the use permitted under the terms of a Conditional Use Permit has not been started within six (6) months of the date of issuance thereof, said permit shall expire and be canceled by the City Planning Department. Written notice thereof, shall be given to the person(s) affected, together with notice that further use or work as described in the canceled permit shall not proceed, unless and until a new conditional use permit has been obtained.
- E. If the use permitted under the terms of a Conditional Use Permit ceases, for whatever reason, for a period of twelve (12) months, said permit shall expire and be canceled by the City Planning Department. Written notice thereof, shall be given to the person(s) affected, together with notice that further use or work as described in the canceled permit shall not proceed, unless and until a new conditional use permit has been obtained.

If approved, staff recommendations for stipulation(s):

1. The Conditional Use Permit runs with the applicant and not the land; therefore, should the property be sold, the Conditional Use Permit is null and void and the non-conforming status could be voided from the property.
2. Proof of City of Deadwood Business License.
3. The Conditional Use Permit shall be reviewed annually by the Planning and Zoning Commission as required under 17.76.060

---

**ACTION FOR CONDITIONAL USE PERMIT BY THE PLANNING & ZONING COMMISSION:**

---

On April 12, 2023, the following action by Planning and Zoning Commission was to approve the Conditional Use Permit as requested in this staff report with the following stipulations.:

1. The Conditional Use Permit runs with the applicant and not the land; therefore, should the property be sold, the Conditional Use Permit is null and void and the non-conforming status could be voided from the property.
2. Proof of City of Deadwood Business License.
3. The Conditional Use Permit shall be reviewed annually by the Planning and Zoning Commission as required under 17.76.060

The motion passed unanimously.

### FARMERS MARKET GUIDANCE For Market Managers & Vendors

Farmers markets provide an important opportunity for producers to provide fresh and wholesome food products directly to consumers located in communities throughout South Dakota. In an effort to encourage and support these markets, South Dakota has passed several "cottage" laws that allow producers to sell food products to the public without the need of a food service license. This handout is intended to help market managers, vendors, and other home food processors understand the laws and requirements pertaining to **food items sold from a home, farmers market or similar temporary sales venue**. It's important to note that all vendors are required to produce safe, wholesome food products in a sanitary manner whether licensed or not.

Please be aware that the law only provides license exemption for specific types of food items. The law does not provide an exemption for all food products and all regulations. In addition, the law only allows for these food products to be sold directly to the consumer from a home, farmers market or similar venue.

### FREQUENTLY ASKED QUESTIONS

#### What are the label requirements for home processed foods?

Each container or package sold must have a label that contains the following:

**1:** Name of product, **2:** Name of the producer, **3:** Physical address of production, **4:** Mailing address of the producer, **5:** Telephone number of the producer, **6:** Date product made or processed, **7:** Ingredients, **8:** A directive to keep food refrigerated or frozen (if required) **9:** A disclaimer that states "This product was not produced in a commercial kitchen. It has been home-processed in a kitchen that may also process common food allergens such as tree nuts, peanuts, eggs, soy, wheat, milk, fish and crustacean shellfish."

June 2022

#### What products are not covered by the “farmers market and cottage laws”?

Products under jurisdiction of other state or federal agencies include (but are not limited to); meat, poultry, jerky, fish, dairy products, honey, eggs, and non-food items such as home-made soap or lotions.

#### What is required to sell canned goods, fermented, frozen and temperature controlled baked foods?

A producer selling these foods shall, every five years, complete an approved food safety course. The producer shall retain records verifying the timely completion of such training. A producer selling home-processed goods may, in lieu of the requirement for food safety training, maintain verification of each recipe from a third-party processing authority. The processing authority shall provide verification in writing to the producer. #### Can I provide small food samples at farmers markets for promotional or educational purposes?

Yes no license is needed, we ask that you follow food sampling requirements found at the SDDOH website.
