DESCRIPTION OF ACTIVITY

Describe in detail, the above activity (use attachments if necessary including type of materials to be used) and submit as applicable. Descriptive materials such as photos and drawings are necessary to illustrate the work and to help the commissioners and staff evaluate the proposed changes. Information should be supplied for each element of the proposed work along with general drawings and/or photographs as appropriate.

Failure to supply adequate documentation could result in delays in processing and denial of the request. Describe in detail below (add pages as necessary).

A new mural would be added to the exterior side of 57 Sherman back by the patio. The mural, which depicts a Mt Rushmore of country music artists, would be painted in a similar color scheme as the existing ghost murals on the Landmark Hotel & Casino. The mural would be located on an existing CMU wall with no direct views to the street. The existing wall is a non-character-defining wall that lacks any of the character of the surrounding buildings or district. A mural would help to connect the differing style of wall construction to Deadwoods more common nature of painted advertisements on masonry.

We are more than happy to work on the mural design and application methods.
