Retaining wall between Rubin Kene's property and ours if failing due to excessive water runoff.

Both sides of home's exterior is damage due to no rain gutteres and no proper water runoff diversion.

Sidewalk on right side of home by driveway is damaged and cracked and leans toward house not away, water runoff is not roperly diverted away and is causing foundation damage and shifting of home in older section of house.

There is water that is getting into walls between newer & old section and draining into basement.
