DESCRIPTION OF ACTIVITY

Describe in detail, the above activity (use attachments if necessary including type of materials to be used) and submit as applicable. Descriptive materials such as photos and drawings are necessary to illustrate the work and to help the commissioners and staff evaluate the proposed changes. Information should be supplied for each element of the proposed work along with general drawings and/or photographs as appropriate.

Failure to supply adequate documentation could result in delays in processing and denial of the request. Describe in detail below (add pages as necessary).

Attached is a photo of the front of our home. We plan to cover the lower portion made of cinder block
with charcoal colored brick, a couple photos are attached. The front deck is difficult to keep up with
the sun directly on it for long periods of time. We plan to remove the 15 X 20 wood deck and pour
stamped concrete in it's place. We have a piece of concrete 11 X 7 in front of the door that has
a big crack, we will replace it with stamped concrete too. A retaining wall will be added 19' X 16" to
divide the landscaping from the stamped concrete.
