Case No. 210223

Address: 15 Washington St.

Staff Report

The applicant has submitted an application for Project Approval for work at 15 Washington St., a Contributing structure located in the Ingleside Planning Unit in the City of Deadwood.

Applicant: Pam and Michael Massa

Owner: Pam and Michael Massa

Constructed: c 1905

CRITERIA FOR THE ISSUANCE OF A PROJECT APPROVAL

The Historic Preservation Commission shall use the following criteria in granting or denying the Project Approval:

General Factors:

1. Historic significance of the resource:

This building is a contributing resource in the Deadwood National Historic Landmark District. It is significant for its historic association with the founding and initial period of growth of the town of Deadwood. Spurred by the tremendous mining boom of 1876, Deadwood grew quickly and became the first major urban center of western South Dakota. Deadwood's economic prominence during the late 1800s and early 1900s was reflected by the construction of a number of large residences such as this one. This building is an excellent example of a Colonial Revival style house.

2. Architectural design of the resource and proposed alterations:

The applicant is requesting permission to replace the first and second level porch windows with wood Pella windows.

Attachments: No

Plans: No

Photos: Yes

Staff Opinion:

The applicant is applying for the windows program. Currently the porch windows are metal storm windows and the owners plan to install the appropriate wood windows. The proposed work and changes does not encroach upon, damage or destroy a historic resource nor does it have an adverse effect on the character of the building or the historic character of the State and National Register Historic Districts or the Deadwood National Historic Landmark District.

Motions available for commission action:
