Discussion

The sign permit application in review is proposed at a location outside the locally-designated historic district and inside the national historic landmark district which is regulated by chapter 15.32.310 of the sign ordinance. The current signage at the subject property is compliant with the sign ordinance. The sign proposed in the current application is regulated by 15.32.090 of the Sign Ordinance, reference below.

- A. *Before any sign can be erected or altered in any way, a valid permit must be issued. Any further alteration of the sign shall require an amendment of the existing permit or the issuance of a new permit. Such changes, as well as original permits, shall be issued pursuant to review by the sign review commission. It is unlawful to display, construct, erect, locate or alter any sign without first obtaining a sign permit for such sign.*

The applicant is currently leasing space at 250 US Hwy 14A for her business. She will be moving her business to 68 Main Street. She is requesting permission to relocate a sign from her current location.

The proposed sign and its location are compliant with the sign ordinance.
