

Deadwood Volunteer Fire Department

737 Main Steet

Deadwood, SD 57732-1015

Phone 605-578-1212 Fax 605-578-1190

TO: Honorable Mayor and Commissioners

FROM: Deadwood Volunteer Fire Department

Reference: Wildland Grant

Date: August 13, 2026

Deadwood Volunteer Fire Department requests to use the funds received (\$7000 – City matches \$7000) from the 2026 Wildland Grant. Deadwood Volunteer Fire Department was notified on March 2, 2026, that it was awarded the grant, see attached email from Brandon Andersen, VFA Grant Coordinator.

The grant will be used for new radios through Motorola Solutions for a total cost of \$14, 815.32, see attached quote. Payment will be rendered from the state once the product is received and proof of payment is submitted to the grant committee. Documentation must be submitted to the stated before September 30, 2026. The attached email from Brandon explains what documents need to be submitted for payment.

Respectfully Submitted,

Brandy Lechner

Deadwood Volunteer Fire Department

Administrative Assistant

Fw: 2026 VFA Grant Award Notification

Substitute W-9 for SDWF.pdf; VFA Billing stmt.pdf; VFA Large Asset Form.pdf; Deadwood 2026 VFA SRA.pdf

From: Andersen, Brandon <Brandon.Andersen@state.sd.us>
Sent: Monday, March 2, 2026 9:32 AM
To: Charles Fetter <charles@cityofdeadwood.com>; Fire Chief <firechief@cityofdeadwood.com>
Subject: 2026 VFA Grant Award Notification

Dear grant applicant,

Congratulations! Your entity has been awarded a Volunteer Fire Assistance (VFA) grant.

Attached are the following documents:

1. South Dakota Department of Public Safety Wildland Fire Cooperative Fire Assistance Sub-Recipient Agreement
2. Substitute W-9 form
3. Project Billing and Match Statement
4. Large Asset Form

New for 2026, it is highly encouraged to **submit all documentation via email to brandon.andersen@state.sd.us** rather than mailing hardcopies. This method decreases the likelihood of items not being delivered and saves you postage expenses. If you don't receive a confirmation response after a few days, then please call to verify receipt of the email.

Instructions for compliance and receipt of funds are below:

- Return the **ENTIRE signed agreement AND W-9** no later than **May 15, 2026**. Late agreements may be denied. The **W-9 must be for the entity that possesses the UEI** number and is listed on the subrecipient agreement.
- Proceed with purchases and/or projects proposed in the grant application. If something comes up and you need to change your project/purchases, then please notify me first.

- If your project includes wildland PPE or equipment, most equipment can be ordered through a federal contract at a substantial savings to you. The catalog and order form for the Wildland Fire Protection Program (FedMail) can be found at <https://wildlandfire.sd.gov>. I am the new point of contact for FedMail. Please do not contact Brady Rothschadl.
- Complete the Project Billing and Match Statement once all purchases are in your possession and/or projects completed. Include all taxes and shipping/handling fees.
- Provide copies of invoices and receipts for goods/services purchased. Invoice(s) total must match the project billing statement.
- Provide proof of payment such as a bank/credit card statement or cancelled check. A paid invoice is not sufficient.
- Complete the large asset form for all purchases **of a SINGLE item** with a value of \$5,000 or greater.

All projects must be complete and reimbursement request paperwork properly submitted to me no later than **September 30, 2026**. Late reimbursement requests may be denied.

Thank you,

Brandon Andersen

Schaumburg, IL 60196

Re: Purchase of Motorola radio communications equipment

Deadwood Fire does not have a formal purchase order system. This letter serves as authorization for Motorola to place an order for the communications equipment on the attached sheet for a purchase price of \$14,815.32. Deadwood Fire agrees to pay Motorola for the equipment "Net 30 days upon shipment" to:
Western Communications
3106 Cambell Street
Rapid City SD 57701

When Motorola invoices Deadwood Fire, the invoice should reference PO#08112026, and be sent to Charles Fetter at the following address:

Deadwood Fire
737 Main Street
Deadwood SD 57732

For taxation purposes, even if tax-exempt, the equipment sold to Deadwood Fire will ultimately reside at the following address:

Deadwood Fire
737 Main Street
Deadwood SD 57732

Payments can be authorized solely on this document. I submit that I am a duly authorized official of our entity and that my signature makes this a legal and binding document and that funding has been encumbered for this order.

If you have any questions regarding this order, please feel free to contact Charles Fetter at 605-722-6358.

Sincerely yours,

By: 
Charles Fetter

APX N30 PORTABLE RADIO SOLUTION DESCRIPTION

OVERVIEW

The APX N30 offers affordable, next generation communications without compromising P25 interoperability or voice and data quality. It has a durable design with "pick-up-and-go" functionality, optimizing ease-of-use and focused communications in almost all environments.

DURABLE AND EASY TO USE

The APX N30 enhances operations with a front display with an upgraded user interface for better readability and loud and clear audio for reliable, everyday use. Additionally, the N30 offers extended battery life, a shorter antenna, and Bluetooth compatibility with audio accessories, promoting efficient communications between first responders.

ViQi Voice Command

To prevent first responders from losing focus while events unfold, ViQi Voice Control allows users to operate their device with customized voice commands. First responders can switch between preset channels and zones, adjust volume, and change audio profiles by pressing the preprogrammed ViQi button and speaking into the microphone.

ESSENTIAL AND SECURE P25 COMMUNICATIONS

The APX N30 is certified compliant with P25 standards and supports digital and analog trunking, FDMA and TDMA, and Integrated Voice and Data. All P25 communications over the N30 are safe and secure—it offers software encryption, single- and multi key encryption, and P25 Authentication, protecting communications during daily operations.

RELIABLE CONNECTIVITY

Using the APX N30 lets first responders stay connected across disparate networks. It can be equipped with Wi-Fi®, Bluetooth®, GPS, and Geofence features, bringing future-ready applications, services, and best-in-class connectivity to everyday use. APX N30 radios support 7/800 MHz frequency bands across radio systems, with minimal intervention by the radio user.

MANAGING AND PROVISIONING DEVICES

APX N50 can be programmed in two ways: one-at-a-time through Customer Programming Service ("CPS") or through a combination of CPS and batch programming over Wi-Fi available with the radio management ("RM") software.

CPS is a proprietary, Windows-based application, used to configure APX subscriber radios in offline situations that include provisioning, networking, and monitoring tools that provide greater awareness and faster radio management. The CPS application offers drag-and-drop, clone-wizard, and basic import/export functions that allow the addition of new software and feature enhancements. APX N radios can be programmed one-at-a-time on a local PC, via secure USB port connection, with TLS-PSK based encryption. Once loaded, subscriber radios are read and edited, and codeplugs and templates can be saved and duplicated to program other fleet radios.

Batch Programming is available through the RM software for simultaneous programming and upgrading throughout the radio fleet. With Batch Programming, up to 16 radios can be programmed at once over a Wi-Fi connection. This reduces programming time and ensures that the radio fleet is always up-to-date and ready-to-use in the field.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the "Underlying Agreement") that authorizes Customer to purchase equipment and/or services or license software (collectively "Products"). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.
Motorola Solutions, Inc.: 500 West Monroe, United States - 60661 ~ #: 36-1115800

Device Management Services

Device Management Services ("DMS") packages provide programming, management, and maintenance services to maximize the effectiveness of this APX N50 solution, while reducing maintenance risk, workload, and total cost of ownership. DMS tackles a range of customer needs, whether the solution is self-maintained or managed by Motorola Solutions.

APX N-SERIES DEVICE MANAGEMENT SERVICES - ESSENTIAL STATEMENT OF WORK

OVERVIEW

Device Management Services ("DMS") efficiently maintains the Customer's device fleet while helping to keep devices up-to-date and fully operational in the field.

DMS Essential services provide basic hardware and software support.

This Statement of Work ("SOW"), including all of its subsections and attachments is an integral part of the applicable agreement ("Agreement") between Motorola Solutions, Inc. ("Motorola Solutions") and Customer ("Customer").

In the event of a conflict between the terms and conditions of the Agreement and the terms and conditions of this SOW, this SOW will control as to the inconsistency only. The SOW applies to the device specifically named in the Agreement.

HARDWARE REPAIR

Hardware Repair provides repair coverage for internal and external device components that do not work in accordance with published specifications. Repair services are performed at a Motorola Solutions-operated or supervised facility. The device will be repaired to bring it to compliance with its specifications, as published by Motorola Solutions at the time of delivery of the original device.

For malfunctioning devices that must be replaced, Motorola Solutions will attempt to read the codeplugs from those devices. If successful, Motorola Solutions will load the codeplug to any replacement devices. If not, Motorola Solutions will load a factory codeplug, and the Customer will need to load the previous codeplug.

Motorola Solutions will load factory available firmware to any replacement devices, which may not match the Customer's firmware version.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Repair or replace malfunctioning device, as determined by Motorola Solutions.
- Complete repair or replacement with a turnaround time of five business days in-house, provided the device is delivered to the repair center by 9:00 a.m. (local repair center time). Turnaround time represents the time a product spends in the repair process, and does not include time in transit to and from the Customer's site. Business days do not include US holidays or weekends.
- If applicable, apply periodically-released device updates, in accordance with an Engineering Change Notice.
- Provide two-way air shipping when a supported Motorola Solutions electronic system, such as MyView Portal, is used to initiate a repair. A shipping label will be generated via the electronic system.

CUSTOMER RESPONSIBILITIES

- For non-contiguous renewals, Customer must provide a complete list, preferably in electronic format, of all hardware serial numbers to be covered under the Agreement to Motorola Solutions.
- Initiate device repairs, as needed.
 - When initiating a repair via a supported Motorola Solutions electronic system, label each package correctly with the shipping label and Return Material Authorization ("RMA") number generated by the electronic system.
 - When initiating a repair via paper Return Material Form ("RMF"), the RMF must be completed for each device, included in the package with the device, and shipped to the Motorola Solutions depot specified on the RMF.
- Remove any data or other information from the device that the Customer wishes to destroy or retain prior to sending the device for repair.

- If a malfunctioning device must be replaced and the Customer has loaded information for that device to Motorola Solutions' cloud environment, the Customer will need to remove the information for the malfunctioning device and add information for the replacement device to the applicable cloud environment.

LIMITATIONS AND EXCLUSIONS

The Customer will incur additional charges at the prevailing rates for any activities that are not included or are specifically excluded from this service scope, as described below. Motorola Solutions will notify the Customer and provide a quotation of any incremental charges related to such exclusions prior to completing the repair and said repair will be subject to Customer's acceptance of the quotation.

- Replacement of consumable parts or accessories, as defined by product, including but not limited to batteries, cables, and carrying cases.
- Repair of problems caused by:
 - Natural or manmade disasters, including but not limited to internal or external damage resulting from fire, theft, and floods.
 - Third-party software, accessories, or peripherals not approved in writing by Motorola Solutions for use with the device.
 - Using the device outside of the product's operational and environmental specifications, including improper handling, carelessness, or reckless use.
 - Unauthorized alterations or attempted repair, or repair by a third party.
- Non-remedial work, including but not limited to administration and operator procedures, reprogramming, and operator or user training.
- Problem determination and/or work performed to repair or resolve issues with non-covered products. For example, any hardware or software products not specifically listed on the service order form are excluded from service.
- File backup or restoration.
- Completion and test of incomplete application programming or system integration if not performed by Motorola Solutions and specifically listed as covered.
- Accidental damage, chemical or liquid damage, or other damage caused outside of normal device operating specifications, except if optional Accidental Damage Coverage was purchased.
- Cosmetic imperfections that do not affect the functionality of the device.
- Software support for unauthorized modifications or other misuse of the device software is not covered.

Motorola Solutions is not obligated to provide support for any device that has been subject to the following:

- Repaired, tampered with, altered or modified (including the unauthorized installation of any software) — except by Motorola Solutions authorized service personnel.
- Subjected to unusual physical or electrical stress, abuse, or forces or exposure beyond normal use within the specified operational and environmental parameters set forth in the applicable product specification.
- If the Customer fails to comply with the obligations contained in the Agreement, the applicable software license agreement, and Motorola Solutions terms and conditions of service.

DEVICETECHNICALSUPPORT

Motorola Solutions' Device Technical Support service provides telephone consultation for device and accessory issues. Support is delivered through the Motorola Solutions Centralized Managed Support Operations ("CMSO") organization by a staff of technical support specialists.

For Device Technical Support, Motorola Solutions will respond to calls within two (2) hours during the support days. Support hours are 7 a.m. to 7 p.m. CST Monday through Friday, excluding US holidays. In addition, Customers may contact the Call Management Center (800-MSI-HELP) at any time (24 hours a day, seven days a week) and a Motorola Solutions representative will log a technical request in Motorola Solutions Case Management System on the Customer's behalf.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Provide technical support for devices, assessing and troubleshooting reported issues.
- Receive and log Customer support requests, and assign a technical representative to respond to a Customer incident per the defined timeframes.

CUSTOMER RESPONSIBILITIES

- Use the provided methods to contact Motorola Solutions technical support.
- Provide sufficient information to allow Motorola Solutions technical support agents to diagnose and resolve Customer issues.
- Provide contact information for field service technicians in the event that Motorola Solutions has to follow up.

LIMITATIONS AND EXCLUSIONS

- Device support does not include Land Mobile Radio ("LMR") network, Wi-Fi, and LTE network troubleshooting.

Software Maintenance

Motorola Solutions is continually developing new features and functionality for our portfolio of public-safety-grade radios. By purchasing software maintenance, the Customer can take advantage of these firmware releases and future-proof their communications investment.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Test all firmware releases to minimize software defects.
- Announce new firmware releases and post release notes in a timely manner via MyView Portal.
- Provide firmware updates. Motorola Solutions makes no guarantees as to the frequency or timing of firmware updates.
- Provide upgrade capability through supported Programming Tools.
- Provide programming and service tools and technical support through the firmware support window.
- Provide documentation via MyView Portal with each release detailing new features, bug fixes, and any known issues.

CUSTOMER RESPONSIBILITIES

- Periodically check MyView Portal for firmware update announcements.
- Keep the radio fleet updated with firmware versions within the support window.

MyView Portal Access

MyView Portal is the single location to track the status of subscriptions and service contracts, including start and end dates. This portal includes order, RMA, and technical support ticket status, as well as a consolidated download site for software and documentation.

Outside of pre-announced maintenance periods, MyView Portal will be available on a best effort 24/7 basis. Motorola Solutions cannot guarantee the availability of Internet networks outside of our control.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Provide a web accessible, secure portal to view the Customer's data.
- Provide the Customer with login credentials for the site.
- Provide end-user training for the site.
- Provide technical support to answer end user questions between the hours of 8 a.m. to 5 p.m. CST Monday through Friday, excluding US holidays.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the "Underlying Agreement") that authorizes Customer to purchase equipment and/or services or license software (collectively "Products"). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.
Motorola Solutions, Inc.: 500 West Monroe, United States - 60661 - #: 36-1115800

- Keep the site updated with the latest Customer information.

CUSTOMER RESPONSIBILITIES

- Provide Motorola Solutions with contact information for administrative users.
- Administer user access.
- Provide Internet access for users to access the site.
- Attend available MyView Portal training.
- Protect login information against unauthorized use.
- Provide Motorola Solutions with updated equipment information, as needed.
