

February 5, 2026

Jim Lee, resident of the Rodeo Grounds neighborhood stopped by City Hall to voice his concerns about the potential Bed and Breakfast Establishment at 21 Spring Street.

Mr. Lee is concerned about increased traffic through the neighborhood should a Bed and Breakfast open at the proposed location. In addition, parking is limited along Spring Street and could create further issues related to congestion. In the past, when Short-Term Rentals have been allowed in the area, the increased traffic and vehicles have created a nuisance for the area residents.
