

AB413

On January 1, 2025, California's new statewide "Daylighting Law" went into effect. Approved by the Governor on October 10, 2023, Assembly Bill 413 was created to enhance pedestrian safety by prohibiting vehicles from stopping, standing, or parking within 20 feet of marked and unmarked crosswalks, and within 15 feet of crosswalks that have curb extensions. These parking restrictions are designed to improve the visibility of both moving vehicles and pedestrians, helping reduce collisions.
