Background

The Del Rey Oaks Police Department applied for and was awarded a grant through the California Highway Patrol's Cannabis Tax Fund Grant Program. The goal of this program is to provide police departments funding to enhance patrol initiatives in the area of driver-based impairments, DUI (Driving under the influence) enforcement activities. The funds would also develop officer training programs, citizen's academy courses, and training for a specialized drug recognition expert.

Summary & Discussion

Through the hard work of Sgt. David Nguyen, Del Rey Oaks Police Department was awarded \$16,700.00 to use toward this invaluable training. This grant covers the training expenses and officer overtime as well as the costs associated with backfilling open shifts that result due to training.

Fiscal Impacts

The Del Rey Oaks Police Department will receive \$16,700.00 for specified training through FY22/23.

The Grantee agrees to provide any additional funding, beyond what the State has agreed to provide pursuant to this Agreement, necessary to complete or carry out the project as described in this Agreement. Any modification or alteration of this Agreement, as set forth in the Grant Application submitted by the Grantee and on file with the State, must be submitted in writing 30 calendar days in advance to the State for approval.

- 3. The Grantee shall ensure all equipment which is purchased, maintained, operated, and/or developed is available for inspection by the State.
- 4. Equipment purchased through this Agreement shall be used for the education, prevention, and enforcement of impaired driving laws unless the Grantee is funding a portion of the purchased price not dedicated to impaired driving and that portion is not part of the project costs. Equipment purchased under this Agreement must only be used for approved project related purposes unless otherwise approved by the State in writing.

 - b. Grantee agrees to provide written notice of an event of force majeure under this Agreement within 10 calendar days of the commencement of such event and within 10 calendar days after the termination of such event, unless the force majeure prohibits Grantee from reasonably giving notice within this period. - 2. Any violations of law committed by the Grantee, misrepresentations of project information by the Grantee to the State, submission of falsified documents by the Grantee to the State, failure to provide records by the Grantee to the State when requested for audit or site visit purposes may be cause for termination. Project Description

The Del Rey oaks Police Department wishes to modernize its fleet to meet the demands of traffic enforcement to address the issues of DUI. The City of Del Rey Oaks has a cannabis dispensary and 3 manufacturing businesses. The Del Rey Oaks Police Department wishes to send Officers to SFST trainers training where they can come back and train Officers not only from our agency but from other agencies as well. We wish to get an Officer certified as a DRE/ARIDE. This will greatly assist allied agencies and us in more arrests of persons driving under the influence. We ae also requesting speed measuring equipment, radar, lidar, and a traffic radar trailer. Speed is often part of DUI. We also will use the funds to educate our residents and residents from other agencies in regards to DUI. We want to hold citizen academies to make them aware of the dangers of DUI.

Problem Statement

The Del Rey Oaks Police Department is a small agency between 2 larger cities. We wish to build a traffic enforcement division which we historically never had. We wish to have a specialized unit to address traffic and DUI. We are in control of (2) major highways in the area. Highway 68 and State Route 218. These Highways intersect with major Freeways Highway 1 north/south and 101 north/south. As a small agency we do not have the budget to create a traffic division. These funds will be the first step in addressing this issue.

Proposed Solutions

With the new equipment and training, we will have a new traffic division which we will use to educate our residents, become more proactive in traffic enforcement and detection of DUI, and make out streets safer.

Performance Measures

As a small police department with minimal staffing, DUI enforcement can be difficult. Many of the officers in the department have not been trained in DUI enforcement beyond what is provided in the academy and in the FTO program. Sending officers to training to further the skillset in recognition and detection would increase the number of DUI stops performed by officers.

An analysis of holidays and weather conditions on a monthly basis would provide the department with knowledge of when to enforce DUIs based on current conditions and events. DROPD would be able to increase the number of DUI related arrests from the two which were made during 2021.

An analysis of the number of DUIs would be made on a quarterly basis to determine the ideal time and effectiveness of the officers from an untrained staff to a fully trained staff.

Project Performance Evaluation

We will keep statistics of DUI's a month. Officers will become more proactive. Officers who are trained shall have certificates and be certified. These reports will be forwarded to the city council for their review. Our hope is to host citizen academy courses as well.

Program Sustainability

¥

.

One Officers are trained and we have Officers that are trained to train, not only does that benefit us as an organization but also other agencies as well as that training that we provide will also benefit them as well.

Administrative Support

The grant money will be used at the Officer line level where it needs to go. Our administration and our community as a whole supports our Police department wholeheartedly. More traffic enforcement means more Officers on the street and that will also have the effect of curbing crime as a whole.
