E. BACKGROUND

Knott Landfill is a 135-acre MSW landfill owned and operated by Deschutes County and is permitted by the Oregon Department of Environmental Quality under Solid Waste Disposal Permit No. 6. The facility has been in continuous operation since 1972 and accepts MSW, industrial waste and construction/demolition debris. It is anticipated that Knott Landfill will reach capacity in 2030.

In 2019, Deschutes County completed an updated Solid Waste Management Plan (SWMP) which includes an analysis of future disposal options for the management of the County's solid waste once Knott Landfill reaches capacity. The Deschutes County Board of County Commissioners (BOCC) approved and adopted the SWMP in 2019, including the recommendation that a new MSW landfill be sited within Deschutes County. The County's Solid Waste Management Plan can be viewed at the County's Bids/RFPs website (www.deschutes.org/rfps).

In 2021, Deschutes County retained the services of Parametrix, Inc. to provide technical assistance in developing and facilitating a screening process for determining and recommending a new MSW landfill site in Deschutes County to the BOCC. Over the past three years, the County and Parametrix have been working with the County's Solid Waste Advisory Committee (SWAC) through a number of phases of work to facilitate the site screening process including the following major tasks:

- Coordinating and facilitating SWAC meetings
- Development and implementation of a site screening process
- Development and implementation of a public outreach program

--	--	--

- Meetings with local and State regulatory agencies, special interest environmental groups and other stakeholders
- Conducting preliminary site characterization studies on a short list of candidate sites
- Developing a final site evaluation summary report on short listed sites to assist the SWAC in developing a recommendation for a final site to bring to the BOCC

In April, 2024, the SWAC made a recommendation to the BOCC for a single site, Moon Pit, for development as Deschutes County’s next landfill site (hereinafter referred to as the SWMF Site).

Documents that have been developed to date on the site screening process and site characterizations are available for review on the County’s Bids/RFPs webpage at www.deschutes.org/rfps. Documents posted at this website include:

- Deschutes County Solid Waste Management Plan (JR Miller Inc. 2019)
- Solid Waste Management Facility Final Site Evaluation Report (Parametrix Inc. 2024)

F. SCOPE OF WORK

The primary objective of the Landfill Siting Consultant Services - Phase 3 Project is to assist the County in securing all necessary permits, authorizations and land use entitlements required to develop and operate a MSW landfill on the SWMF Site. This includes, but is not limited to the following major tasks specific to the SWMF Site:
