- c. If terminated under subparagraph 6 e of this Contract by the Contractor due to a breach by the County, then the County shall pay the Contractor for work performed prior to the termination date if such work was performed in accordance with the Contract:
 - 1) with respect to services compensable on an hourly basis, for unpaid invoices, hours worked within any limits set forth in this Contract but not yet billed, authorized expenses incurred if payable according to this Contract and interest within the limits set forth under ORS 293.462, and

EXHIBIT 1
DESCHUTES COUNTY SERVICES CONTRACT
Contract No. 20__-
STATEMENT OF WORK, COMPENSATION
PAYMENT TERMS and SCHEDULE

Section 1. Contractor's Services

Contractor's services are divided into THREE parts:

Part 1 – ORCATS Base and Support is for staff support per the agreement with the ORCATS consortium. Helion will work on and complete property assessment and tax projects and Support as described below in Section 2. Service Level Agreement. The total amount for Part 1 is \$209,869.

Part 2 – Discretionary Support Hours for a maximum of 223 hours (at \$155.00/hour) of offsite/onsite staff for ORCATS support and program development for Deschutes. The total for Part 2 is \$34,565.

Part 3 – Personal Property eFiling – The total for Part 3 is \$25,000.

Estimates or Fix Bid Quotes will be provided upon County request for work performed under Part 2.

The Total for Parts 1,2 and 3 is \$269,434.

For those projects that require less than 20 hours to complete Helion will notify Deschutes County and after authorization will work on them. These will be "not to exceed" projects and Deschutes County will not be responsible for any hours over 20.

For development projects that will require more than 20 hours to complete (or if Deschutes County requests), Helion and Deschutes County (and other consortium members) will work together to create a set of project requirements. Helion will then develop a fixed quote for the number of hours to complete the project. Helion will begin work on the project after Deschutes County (and, if applicable, other consortium members) approve the quote. Project requirements should be sufficiently detailed to identify the deliverables, the cost in hours, and the timeframe for completion. The time required to develop the requirements will be charged directly against the Part 2 - Programming hours. The project requirements will include a project timeline indicating which tasks are the responsibility of Helion and which tasks are the responsibilities of the County(s).

Upon using the software in production, programming bugs (any programming functionality that does not perform to specification) as identified by Deschutes County (or other consortium members) within 45 days or within a specified project timeline as established by mutual agreement between the Contractor and the County will be considered part of the original quote. Identification of a bug does not extend the acceptance period.

Any changes to requirements as agreed between Helion and County may cause an adjustment to the original quote. All Helion staff will be under the direct management of Helion and would be required to follow all of Helion's procedures and policies. Helion is in the process of developing these policies and procedures and will provide County a copy of those that are relevant to the work described in this contract as they become available or change. Helion will work on whatever County requested as long as it is within those policies and procedures. Typical uses would be programming projects unique to County (or groups of consortium members) and additional programming on projects of special interest to County (or groups of consortium members).

Additional 150 hour blocks of time may be purchased throughout the year, given 60 days notice. Helion will give a good faith effort to provide the additional requested hours in as few a days as possible.

Contractor shall provide the County with monthly reports on hours of service by project and by description. Should multiple counties be paying for the program development, the service hour reports should include all hours assessed to the project for all of the involved counties.
