

MEASURE 110

Central Oregon

MEASURE 110

The purpose of Measure 110 is to make screening, health assessment, treatment and recovery services for Substance Use Disorder available to all those who need and want access to those services; and to adopt a health approach to substance use by removing criminal penalties for low-level drug possession. Measure 110 also established the Oversight and Accountability Council (OAC) which grants funds and approves grants for providers and services that meet the criteria for a Behavioral Health Resource Network (BHRN).

WHAT IS A BHRN?

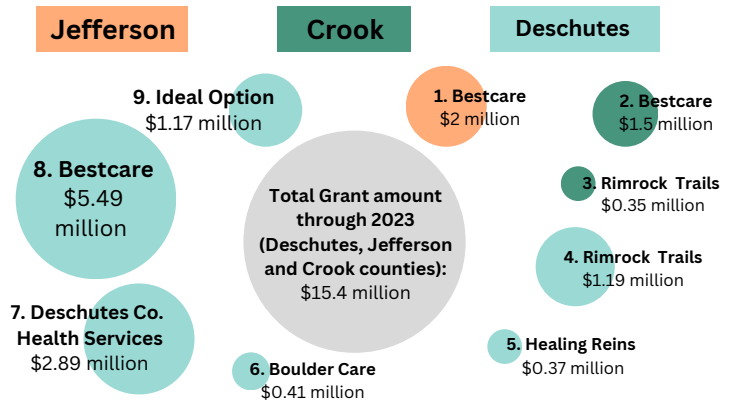

BHRNs are a set of providers, working together as a network, to increase access to low-barrier addiction services, by providing specified and unified services related to healthy management of substance use concerns. Deschutes County Health Services is collaborating closely with Bestcare Treatment Services, Boulder Care Provider Group, P.A., Healing Reins, Ideal Option, and Rimrock Trails to establish Central Oregon's BHRN, **The Taylor Center**.

TAYLOR CENTER, OPENING SPRING 2023

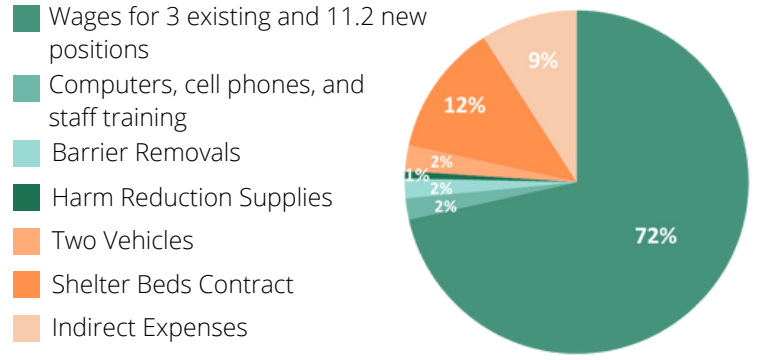

-  **Rapid Treatment Access**
-  **Rapid Access to Medication Supported Recovery**
-  **Naloxone supplies, needle exchange**
-  **Employment Counseling**
-  **Housing Vouchers**
-  **Houseless Supplies**
-  **Outreach Peer Services**

CENTRAL OREGON FUNDING

After the decriminalization of possession of personal amounts of hard drugs across the state, providers in Central Oregon are set to receive over \$15million through next year for a spectrum of services related to drug and alcohol treatment. That's more than 5 percent of the \$265 million allocated to county organizations statewide. **Who's getting it?**

HOW IS DCHS SPENDING \$2.89 MILLION?

DCHS BHRN PLAN OVERVIEW

Funding will be used for harm reduction supplies, two new vehicles, 10 shelter beds, barrier removal, 3 existing staff, and fund 11.2 new FTE positions, as follows:

-  3.2 FTE Recovery Mentor Peer Support Specialist will co-locate within the Deschutes Crisis Stabilization Center.
-  2 Recovery Mentor Peer Support Specialists, 2 Behavioral Health Specialists-Case Managers, 1 Community Health Specialist III and 1 Behavioral Health Technician to provide additional intensive recovery focused outreach and engagement to support individuals housed in shelter beds and unhoused individuals with substance use disorders in need of shelter.
-  An existing .60 Public Health Nurse III in the Harm Reduction Program, and 50% of a 1.0 FTE Supervisor for the Homeless Outreach Services Team (HOST) & Harm Reduction Program (HRP) Team.
-  1 Recovery Mentor Peer Support Specialist and 1 Behavioral Health Specialist-Case Manager to be located at The Drop, a drop in center for at risk youth and young adults in downtown Bend, to provide services.
