DATE: October 31, 2022

SUBJECT: Deschutes County 2040 – Project Briefing

Staff will brief the HLC on activities related to the County's Comprehensive Plan Update ("Deschutes County 2040"), including an exercise to gather input from Commissioners.

I. PROJECT BACKGROUND

The Comprehensive Plan is Deschutes County's policy document for guiding growth and development within the rural county over a 20-year planning period. The plan's purpose is to provide a policy framework for zoning and land use regulations, demonstrate consistency with statewide goals, rules, and laws, and serve as a cohesive vision for future planning activities. The graphic below breaks down each phase of the process and its respective timing. The project team, consisting of Long Range Planning staff and the consultant, MIG/APG, recently completed the first phase of the Comprehensive Plan Update process. The second phase started last month.

Comprehensive Plan Update – Phases

The Planning Commission (PC), as the County's Citizen Involvement Committee, serves as the advisory body overseeing the project. The PC will advise on the following aspects of the process:
