

FINDINGS

WILDFIRE HAZARD BUILDING CODES - TEXT AMENDMENTS

I. **APPLICABLE CRITERIA:**

Title 22, Deschutes County Development Procedures Ordinance

II. **BACKGROUND:**

Pursuant to Senate Bill (SB) 83, Text Amendments to adopt section R327 of the Oregon Residential Specialty Code (ORSC) in unincorporated Deschutes County. Section R327 establishes fire hardening building requirements for new residential construction.

III. **BASIC FINDINGS:**

On June 26, 2025, the Oregon Legislature adopted SB 83¹. This Bill repeals the State Wildfire Hazard Map which was previously adopted and administered pursuant to SBs 762² and 80³. Additionally, SB 83 allows local jurisdictions to adopt fire hardening standards for new residential development as outlined in section R327 of the Oregon Residential Specialty Code (ORSC). The proposed text amendments would establish R327 building code standards for newly constructed dwelling units and their accessory structures, with exceptions and exemptions delineated within the ORSC.

As the proposed amendments are not located within the land use sections of the Deschutes County Code (CDD), notice to the Oregon Department of Land Conservation and Development is not required. As demonstrated in the findings below, the amendments remain consistent with Deschutes County Code and the Deschutes County Comprehensive Plan.
