Type of Document: Grant Agreement #165788-1

Goods and/or Services: This amendment #1 to OHA #165788 increases funding by \$143,000, to a new maximum not-to-exceed amount of \$286,000 and extends the termination date from June 30, 2022 to June 30, 2024.

Goals and Objectives: The Intergovernmental Agreement (#165788) provides funding for Behavioral Health Clinicians to attend and be certified in Parent Management Training – Oregon Model (GenPMTO). GenPMTO is an evidence-based intervention that helps parents strengthen families at all levels (children, youth, parents, and couples). Training delivery options include in-person with each individual family, in-home delivery or telehealth, and multi-family group delivery. This training requires the technology of a web-based software tool provided by Implementation Sciences International, Inc. (ISII). This is a non-profit organization located in Eugene, Oregon that trains clinicians in GenPMTO through active training programs.

As a result of clinicians receiving this training and certification, the goals and objectives of this Grant Agreement are:

- a. Demonstrate positive child, youth and family outcomes of GenPMTO through data on reductions of child/youth externalizing behaviors at home and school or daycare, reduced symptoms of depression, and increased positive family communication;
- b. Demonstrate improvements in parent-adolescent relationships to prevent and reduce social, emotional, and behavioral problems including depression, anxiety, academic difficulties, alcohol and drug abuse, delinquency, and poor social skills; and
- c. Strengthen parenting skills (encouragement, limit setting, monitoring/supervision, problem solving, positive parent involvement) to prevent and slow problems which can develop throughout childhood and adolescence and carry into adulthood.

Quarterly reporting on delivery of GenPMTO training, certification, and implementation is required.
