### I. BACKGROUND

Oregon's zoning-based farm and forest land conservation programs have been in place since 1973. Over the past 10 years, interested parties, the courts, and the Department of Land Conservation and Development (DLCD) have identified a number of issues needing review. In 2024, the Land Conservation and Development Commission (LCDC) initiated the Farm and Forest Modernization Project, which included rulemaking and the appointment of a rules advisory committee (RAC). Rulemaking was intended to improve the clarity and consistency of implementing Oregon's farm and forest program across the state. DLCD directed the RAC to consider:

- Codifying identified case law standards;
- Other EFU rule amendments;
- Conforming rule changes; and

- Providing additional clarity to counties and potential applicants with the intent of reducing unnecessary appeals.

LCDC ultimately adopted new Oregon Administrative Rules (OARs) developed by the RAC on December 6, 2024. They became effective on January 1, 2025. Staff provided a briefing to the Board on February 3, 2025 - the memo from that briefing (Attachment C) provides additional background on the state rulemaking process and intent of the amendments.

This housekeeping text amendment will incorporate changes to the OAR and ORS from rulemaking into the Deschutes County Code (DCC), in addition to some minor housekeeping changes from previous rulemaking or legislative changes that have not yet been captured locally.
