Dear Adrea:

Your application has been approved for Continual Improvement Through Conformance with The Standards as part of the National Environmental Health Association (NEHA)-U.S. Food and Drug Administration (FDA) Retail Flexible Funding Model (RFFM) Grant Program, with funding provided by the FDA. Approval is based on review of the project plan and budget details in your submitted application.

As part of your application, your agency has made an assurance that it will comply with all applicable federal statutes and regulations in effect during the grant period, including applicable parts of 45 CFR Parts 75. Acceptance of this award and/or any funds provided by the NEHA-FDA Retail Flexible Funding Model Grant Program acknowledges agreement with all the terms and conditions in this award letter.

The amount of \$51,500.00 represents the full amount of funds to which you are entitled. Grant awards are made with the understanding that NEHA-FDA Retail Flexible Funding Model Grant Program staff may require clarification of information within your application, as necessary, during the application, project, or reporting periods. These inquiries may be necessary to allow us to appropriately carry out our administrative responsibilities.

Specific Conditions of Your Award

In addition to the general Terms and Conditions of your award as listed below, following are additional conditions specific to your award:

The following component(s) of your project have been fully funded: \$30,000 (\$10,000 per year) for work on Standards 1-8; \$15,000 (\$5,000 per year) for work toward Meeting or Maintaining Standard 9 using a Level 1 Risk Factor Study approach; \$3,000 during CY 2025 for an updated Self-Assessment of All 9 Standards.

The following component(s) of your project have been partially funded: \$3,500 for the Training Optional Add-On for CY 2025.

The following component of your project is NOT funded: Mentee Optional Add-On.

Unfortunately, due to limited funds, the Capacity Building component of your application is NOT funded. Please reach out to the Grant Program Support Team if a modification to the scope or details of your grant is necessary due to this funding reduction.

Reduced funding amounts are not due to the quality of your Track 3 Maintenance and Advancement Base application but are a result of an overall funding reduction to the NEHA-FDA RFFM Grant Program. For CY 2025, Mentee awards are limited to Track 1 applicants only. Track 3 training requests are being reduced to a maximum of \$3,500, but unless otherwise noted, any of the travel requested in your application is allowable for reimbursement up to the reduced award amount.

Please reach out to the Grant Program Support Team with any questions regarding CY 2025 funding.
